for

Construction of Aircraft Hangar at Kilimanjaro International Airport for NIT Center of Excellence in Aviation and Transport Operation

RFB No: TR10/WB/P163399/TZ-NIT-470713-CW-RFB/2024/2025/W/01

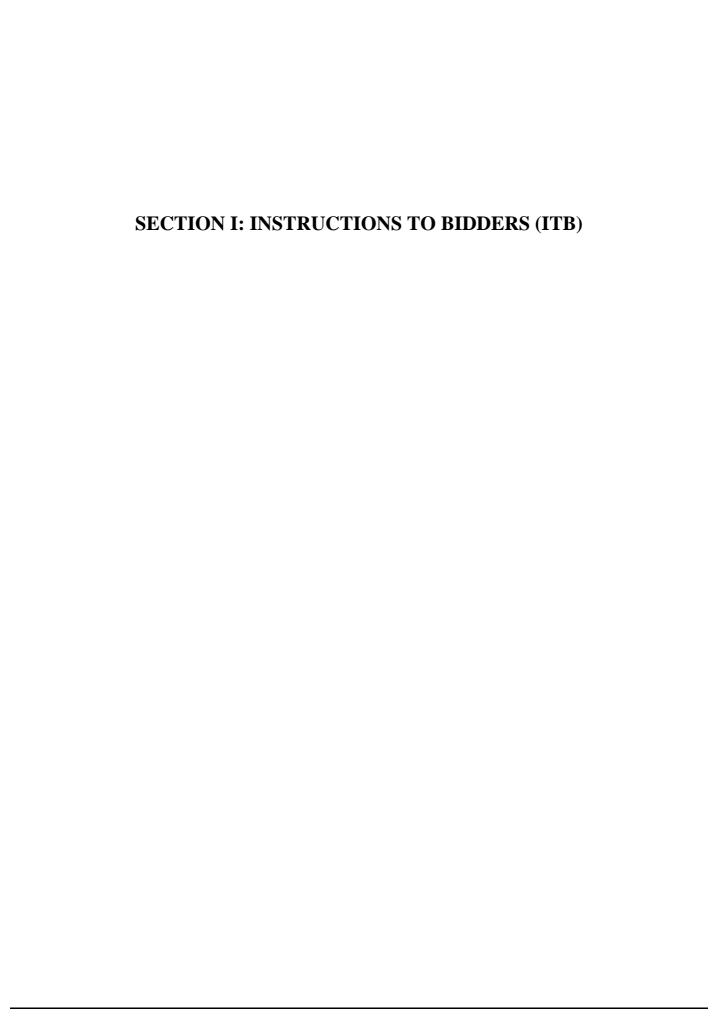

Project: EAST AFRICA SKILLS FOR TRANSFORMATION AND REGIONAL INTEGRATION

PROJECT(EASTRIP)(EASTRIP

Employer: NATIONAL INSTITUTE OF TRANSPORT

Issued on: 19/02/2025

A. General

BDS Clause Number &	ITB Clause	Amendments of, and Supplements to, Clauses in the Instruction to
Required Information/Data	Number	Bidders
1. Scope of Bid	1.1	1
		Bids (RFB), specified in the Bid Data Sheet (BDS), the Employer, as specified in the BDS, issues this bidding document for the provision
		of Works as specified in Section VII, Works' Requirements. The
		name, identification and number of lots (contracts) of this RFB are
	1.2	specified in the BDS.
	1.2	Throughout this bidding document: a) the term "in writing" means communicated in written form (e.g.,
		by mail, e-mail, and fax, including if specified in the BDS ,
		distributed or received through the electronic-procurement
		system used by the Employer) with proof of receipt;
		b) if the context so requires, "singular" means "plural" and vice versa;
		c) "Day" means calendar day, unless otherwise specified as " Business
		Day". A Business Day is any day that is an official working day
		of the Borrower. It excludes the Borrower's official public holidays;
		d) "ES" means environmental and social (including Sexual
		Exploitation and Abuse (SEA), and Sexual Harassment (SH));
		e) "Sexual Exploitation and Abuse" "(SEA)" means the following:
		"Sexual Exploitation" is defined as any actual or attempted abuse of position of vulnerability, differential power or trust, for
		sexual purposes, including, but not limited to, profiting
		monetarily, socially or politically from the sexual exploitation of
		another; "Sexual Abuse" is defined as the actual or threatened
		physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions;
		f) "Sexual Harassment" "(SH)" is defined as unwelcome sexual
		advances, requests for sexual favors, and other verbal or physical
		conduct of a sexual nature by the Contractor's Personnel with other Contractor's or Employer's Personnel;
		g) "Contractor's Personnel" is as defined in Sub- Clause 1 (ii) of
		the General Conditions of Contract; and
		h) "Employer's personnel" is as defined in GCC Sub-Clause 1 (nn)
		of the General Conditions of Contract. A non-exhaustive list of (i) behaviors which constitute SEA and (ii)
		behaviors which constitute SH is attached to the Code of Conduct
		form in Section IV
2. Source of Funds	2.1	The Borrower or Recipient (hereinafter called "Borrower") specified in the RDS has received on has applied for financing (hereinafter
		in the BDS has received or has applied for financing (hereinafter called "funds") from the International Bank for Reconstruction and
		Development or the International Development Association
		(hereinafter called "the Bank") in an amount specified in the BDS,
		toward the project named in the BDS. The Borrower intends to apply a portion of the funds to eligible payments under the contract(s) for
		which this bidding document is issued.
		- -
	2.2	Description the Alex Davids 211.1
	2.2	Payment by the Bank will be made only at the request of the Borrower and upon approval by the Bank, and will be subject, in all
		respects, to the terms and conditions of the Loan (or other financing)
		Agreement. The Loan (or other financing) Agreement prohibits a
		withdrawal from the loan account for the purpose of any payment to
		persons or entities, or for any import of goods, equipment, plant, or materials, if such payment or import is prohibited by a decision of the
		United Nations Security Council taken under Chapter VII of the
		Charter of the United Nations. No party other than the Borrower shall

		derive any rights from the Loan (or other financing) Agreement or have any claim to the proceeds of the Loan (or other financing).
3. Fraud and	3.1	The Bank requires compliance with the Bank's Anti-Corruption
Corruption		Guidelines and its prevailing sanctions policies and procedures as set
_		forth in the WBG's Sanctions Framework, as set forth in Section VI.
	3.2	In further pursuance of this policy, bidders shall permit and shall
		cause their agents (where declared or not), subcontractors,
		subconsultants, service providers, suppliers, and personnel, to permit
		the Bank to inspect all accounts, records and other documents relating to any initial selection process, prequalification process, bid
		submission, proposal submission, and contract performance (in the
		case of award), and to have them audited by auditors appointed by the
		Bank.
4. Eligible Bidders	4.1	A Bidder may be a firm that is a private entity, or a state-owned
		enterprise or institution, subject to ITB 4.6, or any combination of
		them in the form of a joint venture (JV), under an existing agreement,
		or with the intent to enter into such an agreement supported by a letter of intent. In the case of a joint venture, all members shall be jointly
		and severally liable for the execution of the entire Contract in
		accordance with the Contract terms. The JV shall nominate a
		Representative who shall have the authority to conduct all business
		for and on behalf of any and all the members of the JV during the
		Bidding process and, in the event the JV is awarded the Contract,
		during contract execution. Unless specified in the BDS, there is no
	4.2	limit on the number of members in a JV.
	4.2	A Bidder shall not have a conflict of interest. All Bidders found to have a conflict of interest shall be disqualified. A Bidder may be
		considered to have a conflict of interest for the purpose of this
		Bidding process, if the Bidder:
		a) directly or indirectly controls, is controlled by or is under common
		control with another Bidder; or
		b) receives or has received any direct or indirect subsidy from another
		Bidder; or
		c) has the same legal representative as another Bidder; or
		d) has a relationship with another Bidder, directly or through common third parties, that puts it in a position to influence the Bid of
		another Bidder, or influence the decisions of the Employer
		regarding this bidding process; or
		e) or any of its affiliates participated as a consultant in the preparation
		of the design or technical specifications of the works that are the
		subject of the Bid; or
		f) or any of its affiliates has been hired (or is proposed to be hired) by
		the Employer or Borrower as Project Manager for the Contract
		implementation; g) would be providing goods, works, or non-consulting services
		resulting from or directly related to consulting services for the
		preparation or implementation of the project specified in the BDS
		ITB 2.1 that it provided or were provided by any affiliate that
		directly or indirectly controls, is controlled by, or is under
		common control with that firm;
		h) has a close business or family relationship with a professional staff
		of the Borrower (or of the project implementing agency, or of a recipient of a part of the loan) who: (i) are directly or indirectly
		involved in the preparation of the bidding document or
		specifications of the contract, and/or the Bid evaluation process
		of such contract; or (ii) would be involved in the implementation
		or supervision of such contract unless the conflict stemming from
		such relationship has been resolved in a manner acceptable to the
		Bank throughout the procurement process and execution of the
	4.3	contract. A firm that is a Ridder (either individually or as a IV member) shall
	4.3	A firm that is a Bidder (either individually or as a JV member) shall not participate in more than one Bid, except for permitted alternative
		not participate in more than one bid, except for permitted atternative

	4.4	Bids. This includes participation as a Subcontractor in other Bids. Such participation shall result in the disqualification of all Bids in which the firm is involved. A firm that is not a Bidder or a JV member may participate as a subcontractor in more than one Bid. A Bidder may have the nationality of any country, subject to the
	4.5	restrictions pursuant to ITB 4.8. A Bidder shall be deemed to have the nationality of a country if the Bidder is constituted, incorporated or registered in and operates in conformity with the provisions of the laws of that country, as evidenced by its articles of incorporation (or equivalent documents of constitution or association) and its registration documents, as the case may be. This criterion also shall apply to the determination of the nationality of proposed subcontractors or subconsultants for any part of the Contract including related Services. A Bidder that has been sanctioned by the Bank, pursuant to the
		Bank's Anti-Corruption Guidelines, in accordance with its prevailing sanctions policies and procedures as set forth in the WBG's Sanctions Framework as described in Section VI paragraph 2.2 d., shall be ineligible to be prequalified for, initially selected for, bid for, propose for, or be awarded a Bank-financed contract or benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall have determined. The list of debarred firms and individuals is available at the electronic address specified in the BDS.
	4.6	Bidders that are state-owned enterprises or institutions in the Employer's Country may be eligible to compete and be awarded a Contract(s) only if they can establish, in a manner acceptable to the Bank, that they (i) are legally and financially autonomous (ii) operate under commercial law, and (iii) are not under supervision of the Employer.
	4.7	A Bidder shall not be under suspension from Bidding by the Employer as the result of the operation of a Bid–Securing or Proposal-Securing Declaration.
	4.8	Firms and individuals may be ineligible if so indicated in Section V and (a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the supply of goods or the contracting of works or services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's country prohibits any import of goods or contracting of works or services from that country, or any payments to any country, person, or entity in that country. When the Works are implemented across jurisdictional boundaries (and more than one country is a Borrower, and is involved in the procurement), then exclusion of a firm or individual on the basis of ITB 4.8 (a) above by any country may be applied to that procurement across other countries involved, if the Bank and the Borrowers involved in the procurement agree.
	4.9	A Bidder shall provide such documentary evidence of eligibility satisfactory to the Employer, as the Employer shall reasonably request.
	4.10	A firm that is under a sanction of debarment by the Borrower from being awarded a contract is eligible to participate in this procurement, unless the Bank, at the Borrower's request, is satisfied that the debarment; a) relates to fraud or corruption, and b) followed a judicial or administrative proceeding that afforded the firm adequate due process.
5. Eligible Materials, Equipment and Services	5.1	The materials, equipment and services to be supplied under the Contract and financed by the Bank may have their origin in any country subject to the restrictions specified in Section V, Eligible

	Countries, and all expenditures under the Contract will not contraven such restrictions. At the Employer's request, Bidders may be require to provide evidence of the origin of materials, equipment an services.

B. CONTENTS OF BIDDING DOCUMENTS

Th Sections of Bioding	6.1	The bidding document consists of Parts 1, 2, and 3, which include all the

If so specified in the BDS, the Bidder's designated representative is invited to attend a pre-Bid meeting and/or a Site of Works visit. The

		Employer not later than one week before the meeting.
	7.6	Minutes of the pre-Bid meeting, if applicable, including the text of the questions asked by Bidders, without identifying the source, and the responses given, together with any responses prepared after the meeting, will be transmitted promptly to all Bidders who have acquired the bidding document in accordance with ITB 6.3 Any modification to the bidding document that may become necessary as a result of the pre-Bid meeting shall be made by the Employer exclusively through the issue of an addendum pursuant to ITB 8 and not through the minutes of the pre-Bid meeting. Nonattendance at the pre-Bid meeting will not be a cause for disqualification of a Bidder.
8. Amendment of Bidding Document	8.1	At any time prior to the deadline for submission of bids, the Employer may amend the bidding document by issuing addenda.
	8.2	Any addendum issued shall be part of the bidding document and shall be communicated in writing to all who have obtained the bidding document from the Employer in accordance with ITB 6. The Employer shall also promptly publish the addendum on the Employer's web page in accordance with ITB 7.1.
	8.3	To give prospective Bidders reasonable time in which to take an addendum into account in preparing their Bids, the Employer may, at its discretion, extend the deadline for the submission of Bids, pursuant to ITB 22.2.

C. PREPARATION OF BIDS

9. Cost of Bidding	9.1	The Bidder shall bear all costs associated with the preparation and submission of its Bid, and the Employer shall in no case be responsible or liable for those costs, regardless of the conduct or
10. Language of Bid	10.1	outcome of the Bidding process. The Bid, as well as all correspondence and documents relating to the Bid exchanged by the Bidder and the Employer, shall be written in the language specified in the BDS. Supporting documents and printed literature that are part of the Bid may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified in the BDS, in which case, for purposes of interpretation of the Bid, such translation shall govern.
11. Documents	11.1	The Bid shall comprise the following:
Comprising the Bid		a) Letter of Bid prepared in accordance with ITB 12;
		b) Bill of Quantities or Activity Schedule : completed in accordance with ITB 12 and ITB 14, as specified in the BDS ;
		c) Bid Security or Bid-Securing Declaration, in accordance with ITB 19.1;
		d) Alternative Bid , if permissible, in accordance with ITB 13;
		e) Authorization: written confirmation authorizing the signatory of the Bid to commit the Bidder, in accordance with ITB 20.3;
		f) Bidder's Eligibility: documentary evidence in accordance with ITB 17 establishing the Bidder's eligibility to Bid;
		 g) Qualifications: documentary evidence in accordance with ITB 17 establishing the Bidder's qualifications to perform the contract if its Bid is accepted;
		h) Conformity: a technical proposal in accordance with ITB 16;
		i) Code of Conduct for Contractor's Personnel (ES)
		 j) Management Strategy and Implementation Plans (MSIP) to manage the (ES) risks.
		k) any other document required in the BDS.
	11.2	In addition to the requirements under ITB 11.1, Bids submitted by a JV shall include a copy of the Joint Venture Agreement entered into by all members. Alternatively, a letter of intent to execute a Joint Venture Agreement in the event of a successful bid shall be signed by all members and submitted with the Bid, together with a copy of the proposed Agreement.
	11.3	The Bidder shall furnish in the Letter of Bid information on commissions and gratuities, if any, paid or to be paid to agents or any other party relating to this Bid.
12. Letter of Bid and Schedules	12.1	The Letter of Bid and Schedules shall be prepared using the relevant forms furnished in Section IV, Bidding Forms. The forms must be completed without any alterations to the text, and no substitutes shall be accepted except as provided under ITB 20.3. All blank spaces shall be filled in with the information requested.
13. Alternative Bids	13.1	Unless otherwise specified in the BDS, alternative Bids shall not be considered.
	13.2	When alternative times for completion are explicitly invited, a statement to that effect will be included in the BDS and the method of evaluating different alternative times for completion will be described in Section III, Evaluation and Qualification Criteria.
	13.3	Except as provided under ITB 13.4 below, Bidders wishing to offer technical alternatives to the requirements of the bidding document must first price the Employer's design as described in the bidding

		document and shall further provide all information necessary for a
		complete evaluation of the alternative by the Employer, including
		drawings, design calculations, technical specifications, breakdown of
		prices, and proposed construction methodology and other relevant
		details. Only the technical alternatives, if any, of the Bidder with the
		Most Advantageous Bid conforming to the basic technical
		requirements shall be considered by the Employer.
	12.4	
	13.4	When specified in the BDS, Bidders are permitted to submit
		alternative technical solutions for specified parts of the Works. Such
		parts will be identified in the BDS and described in Section VII,
		Works' Requirements. The method for their evaluation will be
		stipulated in BDS.
14. Bid Prices and	14.1	The prices and discounts quoted by the Bidder in the Letter of Bid
Discounts		and in the Activity Schedule or Bill of Quantities shall conform to
		the requirements specified below.
	14.2	The Bidder shall submit a Bid for the whole of the Works described
	14.2	
		in ITB 1.1 by filling in prices through the system for all items of the
		Works, as identified in Section IV. Bidding Forms. In case of
		admeasurement contracts, the Bidder shall fill in rates and prices for
		all items of the Works described in the Bill of Quantities. Items
		against which no rate or price is entered by the Bidder will not be
		paid for by the Employer when executed and shall be deemed
		covered by the rates for other items and prices in the Bill of
		Quantities.
	14.3	The price to be quoted in the Letter of Bid, in accordance with ITB
	14.5	12.1, shall be the total price of the Bid, excluding any discounts
		•
		offered.
	14.4	The Bidder shall quote any discounts and indicate the methodology
		for their application in the Letter of Bid in accordance with ITB 12.1.
	14.5	Unless otherwise specified in the BDS and the Conditions of
		Contract, the prices quoted by the Bidder shall be fixed. If the prices
		quoted by the Bidder are subject to adjustment during the
		performance of the Contract in accordance with the provisions of the
		Conditions of Contract, the Bidder shall furnish the indices and
		weightings for the price adjustment formulae in the Schedule of
		Adjustment Data in Section IV- Bidding Forms and the Employer
		may require the Bidder to justify its proposed indices and
		weightings.
	14.6	If so specified in ITB 1.1, Bids are invited for individual lots
		(contracts) or for any combination of lots (packages). Bidders
		wishing to offer discounts for the award of more than one Contract
		shall specify in their Bid the price reductions applicable to each
		package, or alternatively, to individual Contracts within the package.
		Discounts shall be submitted in accordance with ITB 14.4, provided
		the Bids for all lots (contracts) are opened at the same time.
	147	
	14.7	All duties, taxes, and other levies payable by the Contractor under
		the Contract, or for any other cause, as of the date 28 days prior to
		the deadline for submission of Bids, shall be included in the rates and
		prices and the total Bid price submitted by the Bidder.
		In the Lump Sum contracts:
		All duties, taxes, and other levies payable by the Contractor under
		the Contract, or for any other cause, as of the date 28 days prior to
		the deadline for submission of Bids, shall be included in the total Bid
		price submitted by the Bidder.
15. Currencies of Bid and	15.1	The currency(ies) of the Bid and the currency(ies) of payments shall
	13.1	
Payment	150	be the same and shall be as specified in the BDS.
	15.2	Bidders may be required by the Employer to justify, to the
		Employer's satisfaction, their local and foreign currency
		requirements, and to substantiate that the amounts included in the
		unit rates and prices and shown in the Schedule of Adjustment Data
		are reasonable, in which case a detailed breakdown of the foreign
		currency requirements shall be provided by Bidders.
		J 1

	I	
		In Lump Sum contracts: Bidders may be required by the Employer to justify, to the Employer's satisfaction, their local and foreign currency requirements, and to substantiate that the amounts included in the Lump-Sum, in which case a detailed breakdown of the foreign currency requirements shall be provided by Bidders.
16. Documents	16.1	The Bidder shall furnish a technical proposal including a statement
Comprising the		of work methods, equipment, personnel, schedule and any other
Technical Proposal		information as stipulated in Section IV, Bidding Forms, in sufficient
		detail to demonstrate the adequacy of the Bidders' proposal to meet
		the work's requirements and the completion time.
17. Documents	17.1	To establish Bidder's eligibility in accordance with ITB 4, Bidders shall
Establishing the	17.1	complete the Letter of Bid, included in Section IV, Bidding Forms.
Eligibility and	17.2	-
Qualifications of the	17.2	In accordance with Section III, Evaluation and Qualification Criteria,
Bidder		to establish its qualifications to perform the Contract, the Bidder
Bluder		shall provide the information requested in the corresponding
		information sheets included in Section IV, Bidding Forms.
	17.3	If a margin of preference applies as specified in accordance with ITB
		33.1, domestic Bidders, individually or in joint ventures, applying for
		eligibility for domestic preference shall supply all information
		required to satisfy the criteria for eligibility specified in accordance
		with ITB 33.1.
18. Period of Validity of	18.1	Bids shall remain valid until the date specified in the BDS or any
Bids		extended date if amended by the Employer in accordance with ITB 8.
		A Bid that is not valid until the date specified in the BDS, or any
		extended date if amended by the Employer in accordance with ITB 8,
		shall be rejected by the Employer as nonresponsive.
	18.2	In exceptional circumstances, prior to the date of expiration of the
		Bid validity, the Employer may request Bidders to extend the period
		of validity of their Bids. The request and the responses shall be made
		in writing. If a Bid Security is requested in accordance with ITB 19,
		it shall also be extended for twenty-eight (28) days beyond the
		extended date for Bid validity. A Bidder may refuse the request
		without forfeiting its Bid Security. A Bidder granting the request
		shall not be required or permitted to modify its Bid, except as
		provided in ITB 18.3.
	18.3	If the award is delayed by a period exceeding fifty-six (56) days
		beyond the date of expiry of the Bid validity specified in accordance
		with ITB 18.1, the Contract price shall be determined as follows:
		a) in the case of fixed price contracts, the Contract price shall be the
		Bid price adjusted by the factor specified in the BDS;
		Note: The local currency portion of the Contract price shall be
		adjusted by a factor reflecting local inflation during the period of
		extension, and the foreign currency portion of the Contract price
		shall be adjusted by a factor reflecting the international inflation
		(in the country of the foreign currency) during the period of
		extension.
		b) in the case of adjustable price contracts, no adjustment shall be
		made; or
		c) in any case, Bid evaluation shall be based on the Bid price.
19. Bid Security	19.1	The Bidder shall furnish as part of its Bid, either a Bid-Securing
		Declaration or a Bid Security as specified in the BDS, in original
		form and, in the case of a Bid Security, in the amount and currency
		specified in the BDS.
	19.2	A Bid Securing Declaration shall use the form included in Section IV
		Bidding Forms. This form is available in the system during bid
		submission.
	19.3	If a Did Committee in a section 1. The Did Committee in a section 1.
		If a Bid Security is specified pursuant to ITB 19.1, the Bid Security shall
		be a demand guarantee in any of the following forms at the Bidder's
1		

		option:
		(a) an unconditional guarantee issued by a bank or non-bank
		financial institution (such as an insurance, bonding or surety
		company);
		(b) an irrevocable letter of credit;
		(c) a cashier's or certified check; or
		(d) another security specified in the BDS ,
		from a reputable source from an eligible country. If an unconditional
		guarantee is issued by a non-bank financial institution located outside
		the Employer's Country, the issuing non-bank financial institution shall have a correspondent financial institution located in the Employer's
		Country to make it enforceable, unless the Employer has agreed in
		writing, prior to Bid submission, that a correspondent financial
		institution is not required. In the case of a bank guarantee, the Bid
		Security shall be submitted either using the Bid Security Form included
		in Section IV, Bidding Forms, or in another substantially similar format approved by the Employer prior to Bid submission. The Bid Security
		shall be valid for twenty-eight (28) days beyond the original date of
		expiry of the Bid validity, or beyond any extended date if requested
		under ITB 18.2.
	19.4	If a Bid Security or Bid Securing Declaration is specified pursuant to
		ITB 19.1, any Bid not accompanied by a substantially responsive Bid Security or Bid-Securing Declaration shall be rejected by the
		Employer as non-responsive.
	19.5	If a Bid Security is specified pursuant to ITB 19.1, the Bid Security
		of unsuccessful Bidders shall be returned as promptly as possible
		upon the successful Bidder's signing the Contract and furnishing the
		Performance Security and if required in the BDS, the Environmental and Social (ES) Performance Security pursuant to ITB 48.
	19.6	The Bid Security of the successful Bidder shall be returned as
		promptly as possible once the successful Bidder has signed the
		Contract and furnished the required Performance Security. and if
		required in the BDS, the Environmental and Social (ES) Performance Security.
	19.7	The Bid Security may be forfeited:
		(a) if a Bidder withdraws its Bid prior to the expiry date of the Bid
		validity specified by the Bidder on the Letter of Bid, or any
		extension thereto provided by the Bidder; or (b) if the successful Bidder fails to:
		i. sign the Contract in accordance with ITB 47; or
		ii. (ii) furnish a Performance Security and if required in the
		BDS, the Environmental and Social (ES) Performance
<u> </u>	19.8	Security in accordance with ITB 48. The Bid Security or the Bid-Securing Declaration of a JV shall be in
	17.8	the name of the JV that submits the Bid. If the JV has not been
		constituted into a legally enforceable JV, at the time of Bidding, the
		Bid Security or the Bid-Securing Declaration shall be in the names of
		all future members as named in the letter of intent mentioned in ITB
 	19.9	4.1 and ITB 11.2. If a Bid Security is not required in the BDS, pursuant to ITB 19.1, and;
	17.7	(a) if a Bidder withdraws its Bid prior to the expiry date of the
		Bid validity specified by the Bidder on the Letter of Bid or any
		extended date provided by the Bidder; or
		(b) if the successful Bidder fails to:i. sign the Contract in accordance with ITB 47; or
		ii. furnish a Performance Security and if required in the
		BDS, the Environmental and Social (ES) Performance
		Security in accordance with ITB 48,
		the Borrower may, if provided for in the BDS, declare the Bidder ineligible to be awarded a contract by the Employer for
		Bidder mengiore to be awarded a contract by the Employer for

		a period of time stated in the BDS.
20. Format and Signing	20.1	The Bidder shall prepare documents comprising the Bid as described
of Bid		in ITB 11.
	20.2	Bidders shall mark as "CONFIDENTIAL" information in their Bids
		which is confidential to their business. This may include proprietary
		information, trade secrets, or commercial or financially sensitive
		information.
	20.3	
		the Bidder. This authorization shall consist of a written confirmation
		as specified in the BDS and shall be submitted through the system.
		The name and position held by each person signing the authorization
		must be typed or printed below the signature.
	20.4	In case the Bidder is a JV, the Bid shall be signed by an authorized
		representative of the JV on behalf of the JV, and so as to be legally
		binding on all the members as evidenced by a power of attorney
		signed by their legally authorized representatives.
	20.5	Any inter-lineation, erasures, or overwriting shall be valid only if
		they are signed or initialed by the person signing the Bid.

D. SUBMISSION AND OPENING OF BIDS

41 D'16 1	21.1	D'1 1 '4 1.1 1 N OT 1 111 '1 1.1 .
21. Bid Submission	21.1	Bids submitted through NeST shall be considered to be a true
		and legal version, duly authorized and duly executed by the
		Bidder, and intended to have binding legal effect. The Bidder
		shall properly name his soft copies of documents before
		submission through NeST.
	21.2	The bid shall bear e-signature or digital signatures for
		identity and authentication purposes and the identity of the
		Bidder may be verified with a follow-up due diligence
		process.
Ι	21.3	Bids submitted through NeST shall be received in full prior
		to the closing time as specified in ITB 22.1, and the Bidders
		shall receive an acknowledgment of receipt of bid or
		amendment through the system.
	21.4	Bidders must ensure the integrity, completeness, and
		authenticity of their submission; and in case of electronic
		records entered online and files containing the bid being
		unreadable for any reason, the bid submitted shall not be
		considered.
22. Deadline for	22.1	Bids shall be received by the Employer through NeST in a
Submission of Bids	22.1	manner specified under ITT 21.2 not later than the date and
		*
	22.2	time specified in the NeST.
	22.2	The Employer may, at its discretion, extend the deadline for the submission of Bids by amending the bidding document by ITB 8, in
		which case all rights and obligations of the Employer and Bidders
		previously subject to the deadline shall thereafter be subject to the
		deadline as extended.
23. Late Bids	23.1	NeST does not allow Bidder to submit its bid after the
		deadline for submission of bids in accordance with ITT 22
		[Deadline for Submission of Bids]
24. Withdrawal,	24.1	A Bidder may modify or substitute or withdraw its Bid after
Substitution, and		it has been submitted to the Employer through NeST. Such
Modification of Bids		modification or substitution or withdrawal should be made
		prior to the deadline for submission of Bids. Bidder shall
		receive an acknowledgment of receipt of any amendment of
		its submitted bid through the system.

Withdrawal of a bid during this interval shall result in execution of Bid Securing Declaration, pursuant to the ITT 18.1 [Bid Security or Bid Securing Declaration]. Withdrawal of a bid between the deadline for submission of Bids and the expiration of the period of Bid validity or as extended pursuant to ITT 17.2 shall result in forfeiture of bid security or execution of Bid Securing Declaration pursuant to ITT 18.9 and ITT 18.10. Bidders may only offer discounts to, or otherwise modify the prices of their bids by submitting Bid modifications in
	24.3	interval between the deadline for submission of Bids and the expiration of the period of bid validity specified by the Bidder on the Bid Form. Withdrawal of a bid during this interval shall result in execution of Bid Securing Declaration, pursuant to the ITT 18.1 [Bid Security or Bid Securing Declaration]. Withdrawal of a bid between the deadline for submission of Bids and the expiration of the period of Bid validity or as extended pursuant to ITT 17.2 shall result in forfeiture of bid security or execution of Bid Securing Declaration pursuant to ITT 18.9 and ITT 18.10. Bidders may only offer discounts to, or otherwise modify the prices of their bids by submitting Bid modifications in accordance with this Clause, or included in the original Bid
	24.3	interval between the deadline for submission of Bids and the expiration of the period of bid validity specified by the Bidder on the Bid Form. Withdrawal of a bid during this interval shall result in execution of Bid Securing Declaration, pursuant to the ITT 18.1 [Bid Security or Bid Securing Declaration]. Withdrawal of a bid between the deadline for submission of Bids and the expiration of the period of Bid validity or as extended pursuant to ITT 17.2 shall result in forfeiture of bid security or execution of Bid Securing Declaration pursuant to ITT 18.9 and ITT 18.10. Bidders may only offer discounts to, or otherwise modify the prices of their bids by submitting Bid modifications in accordance with this Clause, or included in the original Bid submission.
25. Bid Opening	24.3	interval between the deadline for submission of Bids and the expiration of the period of bid validity specified by the Bidder on the Bid Form. Withdrawal of a bid during this interval shall result in execution of Bid Securing Declaration, pursuant to the ITT 18.1 [Bid Security or Bid Securing Declaration]. Withdrawal of a bid between the deadline for submission of Bids and the expiration of the period of Bid validity or as extended pursuant to ITT 17.2 shall result in forfeiture of bid security or execution of Bid Securing Declaration pursuant to ITT 18.9 and ITT 18.10. Bidders may only offer discounts to, or otherwise modify the prices of their bids by submitting Bid modifications in accordance with this Clause, or included in the original Bid

	automatically in the respective portal. Automated opening reports shall be sent to all involved parties including the
	Employer and Bidders.
25.2	A Bidder or any other person with interest in the bid process
	can access bid opening records on NeST dashboard (Opened
	Bids).
25.3	1
	opening shall be considered further for evaluation.
25.4	The system neither allow employer (or any other person) to discuss
	the merits of any Bid nor reject any Bid at bid opening.
25.5	The system shall prepare a record of the Bid opening that shall
	include, as a minimum:
	a. the name of the Bidder;
	b. the Bid Price, per lot (contract) if applicable, including any
	discounts;
	c. the presence or absence of a Bid Security or Bid-Securing
	Declaration, if one was required; and
	d. any alternative Bids.

E: EVALUATION AND COMPARISON OF BIDS

26. Confidentiality	26.1	Information relating to the evaluation of Bids and recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with the Bidding process until information on the Intention to Award the Contract is transmitted to all Bidders in accordance with ITB 43.
	26.2	Any effort by a Bidder to influence the Employer in the evaluation of the Bids or Contract award decisions may result in the rejection of its Bid.
	26.3	Notwithstanding ITB 26.2, from the time of Bid opening to the time of Contract award, if a Bidder wishes to contact the Employer on any matter related to the Bidding process, it shall do so in writing.
27. Clarification of Bids	27.1	To assist in the examination, evaluation, and comparison of the Bids, and qualification of the Bidders, the Employer may, at its discretion, ask any Bidder for a clarification of its Bid given a reasonable time for a response. Any clarification submitted by a Bidder that is not in response to a request by the Employer shall not be considered. The Employer's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease in the prices or substance of the Bid shall be sought, offered, or permitted.
	27.2	If a Bidder does not provide clarifications of its Bid by the date and time set in the Employer's request for clarification, its Bid may be rejected.
28. Deviations, Reservations, and Omissions	28.1	During the evaluation of Bids, the following definitions apply: a) "Deviation" is a departure from the requirements specified in the bidding document; b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the bidding document; and c) "Omission" is the failure to submit part or all of the information or
		documentation required in the bidding document.
29. Determination of Responsiveness	29.1	The Employer's determination of a Bid's responsiveness is to be based on the contents of the Bid itself, as defined in ITB 11.
	29.2	A substantially responsive Bid is one that meets the requirements of the bidding document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that: a) if accepted, would:
		i. affect in any substantial way the scope, quality, or performance of the Works specified in the Contract; or
		ii. limit in any substantial way, inconsistent with the bidding document, the Employer's rights or the Bidder's obligations under the proposed Contract; or
		b) if rectified, would unfairly affect the competitive position of other Bidders presenting substantially responsive Bids.
	29.3	The Employer shall examine the technical aspects of the Bid submitted in accordance with ITB 16, in particular, to confirm that all requirements of Section VII, Works' Requirements have been met without any material deviation, reservation or omission.
	29.4	If a Bid is not substantially responsive to the requirements of the bidding document, it shall be rejected by the Employer and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.
30. Nonmaterial Nonconformities	30.1	Provided that a Bid is substantially responsive, the Employer may waive any nonconformities in the Bid.
	30.2	Provided that a Bid is substantially responsive, the Employer may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify

		nonmaterial nonconformities in the Bid related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
	30.3	Provided that a Bid is substantially responsive, the Employer may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities in the Bid related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
31. Conversion to Single Currency	31.1	For evaluation and comparison purposes, the currency(ies) of the Bid shall be converted into a single currency as specified in the BDS.
32. Margin of Preference	32.1	Unless otherwise specified in the BDS, a margin of preference for domestic Bidders shall not apply.
33. Subcontractors	33.1	Unless otherwise stated in the BDS, the Employer does not intend to execute any specific elements of the Works by subcontractors selected in advance by the Employer, Financial Parts
	33.2	The subcontractor's qualifications shall not be used by the Bidder to qualify for the Works unless their specialized parts of the Works were previously designated by the Employer in the BDS as can be met by subcontractors referred to hereafter as 'Specialized Subcontractors', in which case, the qualifications of the Specialized Subcontractors proposed by the Bidder may be added to the qualifications.
	33.3	Bidders may propose subcontracting up to the percentage of total value of contracts or the volume of works as specified in the BDS. Subcontractors proposed by the Bidder shall be fully qualified for their parts of the Works.
34. Evaluation of Bids	34.1	The Employer shall use the criteria and methodologies listed in this ITB and Section III, Evaluation and Qualification criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies the Employer shall determine the Most Advantageous Bid. This is the Bid of the Bidder that meets the Qualification Criteria and whose Bid has been determined to be: a) substantially responsive to the bidding document; and b) the lowest evaluated cost. To evaluate a Bid, the Employer shall consider the following:
		 a) the Bid price, excluding Provisional Sums and the provision, if any, for contingencies in the Summary Bill of Quantities for admeasurement contracts, but including Daywork items, where priced competitively;
		For Lump Sum contracts, To evaluate a Bid, the Employer shall consider the following, the Bid price, excluding Provisional Sums and the provision, if any, for contingencies in the Summary Activity Schedule for admeasurement contracts, but including Daywork items, where priced competitively.
		b) price adjustment for correction of arithmetic errors in accordance with ITB 31.1;
		c) price adjustment due to discounts offered in accordance with ITB 14.4;
		d) converting the amount resulting from applying (a) to (c) above, if relevant, to a single currency in accordance with ITB 32;
		e) price adjustment for nonconformities in accordance with ITB 30.3; and
		f) the additional evaluation factors are specified in Section III,

	Evaluation and Qualification Criteria.
34.3	The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in Bid evaluation.
34.4	If this bidding document allows Bidders to quote separate prices for different lots (contracts), the methodology to determine the lowest evaluated cost of the contract combinations, including any discounts offered in the Letter of Bid, is specified in ITB 34.5.
34.5	Multiple Contracts
	Pursuant to ITB 34.4 of the Instructions to Bidders, if Works are groupedin multiple contracts, evaluation will be asfollows:
	(a) Award Criteria for Multiple Contracts [ITB 34.4]:
	Lots
	Bidders have the option to Bid for any one or more lots. Bids will be evaluated lot-wise, taking into account discounts offered, if any, after considering all possible combination of lots. The contract(s) will be awarded to the Bidder or Bidders offering the lowest evaluated cost to the Employer forcombined lots, subject to the selected Bidder(s) meeting the required qualification criteria for lot or combination of lots as the case may be.
	Packages
	Bidders have the option to Bid for anyone or more packages and for any one or more lots within a package. Bids willbe evaluated package-wise, taking into account discounts offered, if any, forcombined packages and/or lots within a package. The contract(s) will be awarded to the Bidder or Bidders offering the lowest evaluated cost to the Employer forcombined packages, subject to the selected Bidder(s) meeting the requiredqualification criteria for combination of packages and or lots as the case maybe.
	(b) Qualification Criteria for Multiple Contracts:
	Section III describes criteria for qualification for eachlot (contract) for multiple lots (contracts). The criteria for qualification isaggregate minimum requirement for respective lots as specified under items 3.1,3.2, 4.2(a) and 4.2(b). However, with respect to the specific experience underitem 4.2 (a) of Section III, the Employer will select any one or more of theoptions as identified below:
	N is the minimum number of contracts
	V is the minimum value of a single contract
	(a) For one Contract:
	Option 1:
	(i) N contracts, each of minimum value V;
	Or
	Option2:
	(i) N contracts, each of minimum value V; or
	(ii) Less than or equal to N contracts, each of minimumvalue V, but with total value of all

contracts equal or more than N x V. (b) For multiple Contracts Option1: Minimumrequirements combined for contract(s) shall be the aggregate requirements foreach contract for which the Bidder has submitted Bids as follows, and N1, N2,N3, etc. shall be different contracts: Lot 1: N1 contracts, each of minimum value Lot 2: N2 contracts, each of minimum value Lot 3: N3 contracts, each of minimum value V3; ----etc. or Option 2: Minimumrequirements for combined contract(s) shall be the aggregate requirements foreach contract for which the Bidder has submitted Bids as follows, and N1, N2,N3,etc. shall be different contracts: Lot 1: N1 contracts, each of minimum value V1: Lot 2: N2 contracts, each of minimum value V2: Lot 3: N3 contracts, each of minimum value V3; ----etc., **or** (ii) Lot 1: N1 contracts, each of minimum value V1; ornumber of contracts less than or equal to N1, each of minimum value V1, butwith total value of all contracts equal or more than N1 x Lot 2: N2 contracts, each of minimum value V2; or number of contracts less thanor equal to N2, each of minimum value V2, but with total value of all contractsequal or more than N2 x V2. Lot 3: N3contracts, each of minimum value V3; or number of contracts less than or equalto N3, each of minimum value V3, but with total value of all contracts equal ormore than N3 x V3. ----etc. Or **Option3:** (i) Minimum requirements for combined contract(s) shallbe the aggregate requirements for each contract

		for which the Bidder has bidfor as follows, and N1, N2, N3, etc. shall be different contracts:
		Lot 1: N1 contracts, each of minimum value V1;
		Lot 2: N2 contracts, each of minimum value V2;
		Lot 3: N3 contracts, each of minimum value V3;
		etc., or
		(ii) Lot 1: N1contracts, each of minimum value V1; or number of contracts less than or equal to N1, each of minimum value V1, but with total value of all contracts equal ormore than N1 x V1.
		Lot 2: N2contracts, each of minimum value V2; or number of contracts less than or equal to N2, each of minimum value V2, but with total value of all contracts equal ormore than N2 x V2.
		Lot 3: N3contracts, each of minimum value V3; or number of contracts less than or equal to N3, each of minimum value V3, but with total value of all contracts equal ormore than N3 x V3.
		etc., or
		(iii) Subject to compliance as per (ii) above withrespect to minimum value of single contract for each lot, total number of contracts is equal or less than $N1 + N2 + N3 +$ but the total value of all such contracts is equal or more than $N1 \times V1 + N2 \times V2 + N3 \times V3 +$.
35. Comparison of Bids	35.1	The Employer shall compare the evaluated costs of all substantially responsive Bids established in accordance with ITB 34.2 to determine the Bid that has the lowest evaluated cost.
36. Abnormally Low Bids	36.1	An Abnormally Low Bid is one where the Bid price, in combination with other constituent elements of the Bid, appears unreasonably low to the extent that the Bid price raises material concerns as to the capability of the Bidder to perform the Contract for the offered Bid price.
	36.2	In the event of identification of a potentially Abnormally Low Bid, the Employer shall seek written clarifications from the Bidder, including detailed price analyses of its Bid price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the bidding document.
	36.3	After evaluation of the price analyses, in the event that the Employer determines that the Bidder has failed to demonstrate its capability to perform the Contract for the offered Bid Price, the Employer shall reject the Bid.
37. Unbalanced or Front-Loaded Bids	37.1	If the Bid for an admeasurement contract, which results in the lowest evaluated cost is, in the Employer's opinion, seriously unbalanced or, front loaded, the Employer may require the Bidder to provide written clarifications. Clarifications may include detailed price analyses to demonstrate the consistency of the Bid priceas with the scope of works, proposed methodology, schedule and any other requirements of the bidding document.
	37.2	After the evaluation of the information and detailed price analyses presented by the Bidder, the Employer may as appropriate:

		\ 1 701
		a) accept the Bid; or b) require that the amount of the Performance Security be increased at the expense of the Bidder to a level not exceeding 20% of the Contract Price; or c) reject the Bid.
38. Qualification of the Bidder	38.1	The Employer shall determine to its satisfaction whether the eligible Bidder that is selected as having submitted the lowest evaluated cost and substantially responsive Bid meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
	38.2	The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder, pursuant to ITB 17. The determination shall not take into consideration the qualifications of other firms such as the Bidder's subsidiaries, parent entities, affiliates, subcontractors (other than Specialized Subcontractors if permitted in the bidding document), or any other firm(s) different from the Bidder.
	38.3	Prior to Contract award, the Employer will verify that the successful Bidder (including each member of a JV) is not disqualified by the Bank due to noncompliance with contractual SEA/SH prevention and response obligations. The Employer will conduct the same verification for each subcontractor proposed by the successful Bidder. If any proposed subcontractor does not meet the requirement, the Employer will require the Bidder to propose a replacement subcontractor.
	38.4	An affirmative determination of qualification shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the Bid, in which event the Employer shall proceed to the substantially responsive Bid which offers the next lowest evaluated cost to make a similar determination of that Bidder's qualifications to perform satisfactorily.
39. Most Advantageous Bid	39.1	Having compared the evaluated costs of Bids, the Employer shall determine the Most Advantageous Bid. The Most Advantageous Bid is the Bid of the Bidder that meets the Qualification Criteria and whose Bid has been determined to be: a) substantially responsive to the bidding document; and b) the lowest evaluated cost.
40. Employer's Right to Accept Any Bid, and to Reject Any or All Bids	40.1	The Employer reserves the right to accept or reject any Bid, and to annul the Bidding process and reject all Bids at any time prior to Contract Award, without thereby incurring any liability to Bidders. In case of annulment, all Bids submitted and specifically, Bid securities, shall be promptly returned to the Bidders.
41. Standstill Period	41.1	The Contract shall not be awarded earlier than the expiry of the Standstill Period. The Standstill Period shall be ten (10) Business Days unless extended in accordance with ITB 45. The Standstill Period commences the day after the date the Employer has transmitted to each Bidder the Notification of Intention to Award the Contract. Where only one Bid is submitted, or if this contract is in response to an emergency situation recognized by the Bank, the Standstill Period shall not apply.
42. Notification of Intention to Award	42.1	The Employer shall send to each Bidder the Notification of Intention to Award the Contract to the successful Bidder. The Notification of Intention to Award shall contain, at a minimum, the following information: a) the name and address of the Bidder submitting the successful Bid; b) the Contract price of the successful Bid; c) the names of all Bidders who submitted Bids, and their Bid prices as readout, and as evaluated; d) a statement of the reason(s) the Bid (of the unsuccessful Bidder to whom the notification is addressed) was unsuccessful, unless the price information in c) above
		already reveals the reason; e) the expiry date of the Standstill Period;

f) instructions on how to request a debriefing and/or submit a
f) instructions on how to request a debriefing and/or submit a complaint during the standstill period.

F. AWARD OF CONTRACT

10.4	10.1	
43. Award Criteria	43.1	Subject to ITB 40, the Employer shall award the Contract to the
		successful Bidder. This is the Bidder whose Bid has been determined
		to be the Most Advantageous Bid as specified in ITB 39.
44. Notification of	44.1	Prior to the expiration of the Bid validity, and upon expiry of the
Award		Standstill Period specified in ITB 41.1 or any extension thereof, and,
		upon satisfactorily addressing any complaint that has been filed
		within the Standstill Period, the Employer shall notify the successful
		Bidder, in writing, that its Bid has been accepted. The notification of
		award (hereinafter and in the Conditions of Contract and Contract
		Forms called the "Letter of Acceptance") shall specify the sum that
		the Employer will pay the Contractor in consideration of the
		execution of the contract (hereinafter and in the Conditions of
		Contract and Contract Forms called "the Contract Price").
	44.2	Within ten (10) Business Days after the date of transmission of the
	11.2	Letter of Acceptance, the Employer shall publish the Contract Award
		Notice which shall contain, at a minimum, the following
		information:
		a) name and address of the Employer;
		b) name and reference number of the contract being awarded, and
		the selection method used;
		c) names of all Bidders that submitted Bids, and their Bid prices as
		read out at Bid opening, and as evaluated;
		d) names of all Bidders whose Bids were rejected either as
		nonresponsive or as not meeting qualification criteria, or were
		not evaluated, with the reasons therefore; and
		e) the name of the successful Bidder, the final total contract price,
	11.2	the contract duration, and a summary of its scope.
	44.3	The Contract Award Notice shall be published through NeST, or in
		at least one newspaper of national circulation in the Employer's
		Country, or in the official gazette. The Employer shall also publish
		the contract award notice in UNDB online.
	44.4	Until a formal contract is prepared and executed, the Letter of
		Acceptance shall constitute a binding Contract.
45. Debriefing by the	45.1	On receipt of the Employer's Notification of Intention to Award
Employer		referred to in ITB 42.1, an unsuccessful Bidder has three (3)
		Business Days to make a written request to the Employer for a
		debriefing. The Employer shall provide a debriefing to all
		unsuccessful Bidders whose request is received within this deadline.
	45.2	Where a request for debriefing is received within the deadline, the
		Employer shall provide a debriefing within five (5) Business Days,
		unless the Employer decides, for justifiable reasons, to provide the
		debriefing outside this timeframe. In that case, the standstill period
		shall automatically be extended until five (5) Business Days after
		such debriefing is provided. If more than one debriefing is so
		delayed, the standstill period shall not end earlier than five (5)
		Business Days after the last debriefing takes place. The Employer
		shall promptly inform, by the quickest means available, all Bidders
		of the extended standstill period.
	45.3	Where a request for debriefing is received by the Employer later than
		the three (3)-Business Day deadline, the Employer should provide
		the debriefing as soon as practicable, and normally no later than
		fifteen (15) Business Days from the date of publication of Public
		Notice of Award of contract. Requests for debriefing received
		outside the three (3)-day deadline shall not lead to extension of the
		standstill period.
	45.4	Debriefings of unsuccessful Bidders may be done in writing or
		verbally. The Bidder shall bear their own costs of attending such a
		debriefing meeting.
46. Signing of Contract	46.1	The Employer shall send to the successful Bidder the Letter of
Same of Contract		Acceptance including the Contract Agreement.

	46.2	The successful Bidder shall sign, date and return to the Employer, the Contract Agreement within twenty-eight (28) days of its receipt.
47. Performance Security	47.1	Within twenty-eight (28) days of the receipt of the Letter of Acceptance from the Employer, the successful Bidder shall furnish the Performance Security and, if required in the BDS, the Environmental and Social (ES) Performance Security in accordance with the General Conditions of Contract, subject to ITB 37.2 (b), using for that purpose the Performance Security and ES Performance Security Forms included in Section X, Contract Forms, or another form acceptable to the Employer. If the Performance Security furnished by the successful Bidder is in the form of a bond, it shall be issued by a bonding or insurance company that has been determined by the successful Bidder to be acceptable to the Employer. A foreign institution providing a bond shall have a correspondent financial institution located in the Employer's Country, unless the Employer has agreed in writing that a
	47.2	correspondent financial institution is not required. Failure of the successful Bidder to submit the above-mentioned Performance Security and, if required in the BDS, the Environmental and Social (ES) Performance Security, or to sign the Contract Agreement shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security. In that event the Employer may award the Contract to the Bidder offering the next Most Advantageous Bid.
48. Adjudicator	48.1	The Employer proposes the person named in the BDS to be appointed as Adjudicator under the Contract, at the hourly fee specified in the BDS, plus reimbursable expenses. If the Bidder disagrees with this proposal, the Bidder should so state in his Bid. If, in the Letter of Acceptance, the Employer does not agree on the appointment of the Adjudicator, the Employer will request the Appointing Authority designated in the Particular Conditions of Contract (PCC) pursuant to Clause 23.1 of the General Conditions of Contract (GCC), to appoint the Adjudicator.

G. REVIEW OF PROCUREMENT DECISIONS

49. Procurement Related Complaint	49.1	If a Bidder wishes to make a Procurement-related Complaint, the Bidder shall submit its complaint through the system, to the Employer.
		In summary, a Procurement-related Complaint may challenge any of the following:
		1. the terms of the Bidding Documents; and
		2. the employer's decision to award the contract.
50. Right to	50.1	A Bidder who claims to have suffered or may suffer any loss or
Review		injury as a result of a breach of a duty imposed on the Employer or an approving authority in the course of these procurement proceedings may seek a review in accordance with the procedure set out hereunder.
51. Time Limit on Review	51.1	The Bidder shall submit an application for review within Seven (7) working days of the Bidder becoming or should have become aware of the circumstances giving rise to the complaint or dispute.
52. Submission of Applications for Review	52.1	Any application for administrative review shall be submitted through NeST to the Accounting Officer of the Employer and a copy shall be electronically served to the Public Procurement Regulatory Authority (PPRA).
	52.2	For Employers with delegated procurement functions, applications for administrative review for bids floated by the delegated Accounting Officer shall be submitted through NeST to the Accounting Officer with a copy electronically served to the delegated Accounting Officer and PPRA.
	52.3	The application for administrative review shall include:
		a) details of the procurement requirements to which the complaint relates;
		b) details of the provisions of the Act, Regulation, or provision that has been breached or omitted;
		 c) an explanation of how the provisions of the Act, Regulation, or provision have been breached or omitted, including the dates and name of the responsible public officer, where known;
		d) documentary or other evidence supporting the complaint where available;
		e) remedies sought; and
		f) any other information relevant to the complaint.
	52.4	Upon receipt of a complaint, the Accounting Officer of a PE shall suspend the procurement proceedings.
	52.5	The Accounting Officer of a PE shall not entertain a complaint or dispute or continue to do so after the procurement contract has entered into force.
53. Decision by the Accounting Officer of PE	53.1	The Accounting Officer of a PE shall, within three (3) calendar days after receipt of the complaint or dispute, deliver a written decision which shall indicate:
		a) whether the application is upheld in whole, in part or rejected;
		b) the reasons for the decision; and
		c) any corrective measures to be taken.
	53.2	Where the Accounting Officer of a PE does not issue a decision within the time specified in ITT 53.1, the Bidder submitting the complaint or dispute or the PE shall be entitled to institute proceedings under ITT 54.1 [Review by the
L		

		Public Procurement Appeals Authority (PPAA)] within three (3) calendar days after such specified time and upon instituting such proceedings, the competence of the Accounting Officer of a PE to entertain the complaint or dispute shall cease.
54. Review by the	54.1	Complaints or disputes which,
Public Procurement		(a) are not settled within the specified period under ITT 53.1 [Decision by the Accounting Officer];
Appeals		(b) the Bidder is not satisfied with the decision of the accounting officer; or
Authority (PPAA)		(c) arise after the procurement contract has entered into force pursuant to ITT46 [Signing of Contract],
		shall be referred to the Appeals Authority within seven (7) working days from the date when the Bidder received the decision of the accounting officer or, in case no decision is issued after the expiry of the time stipulated under ITT54.1 or when the Bidder become aware or ought to have become aware of the circumstances giving rise to the complaint or dispute pursuant to ITT51.1 [Time Limit on Review].
		The Appeals Authority shall, within forty five (45) days issue a written decision concerning the complaint or dispute stating the reasons for the decisions and the remedies granted if any.
		The decision of the Appeals Authority shall be binding to the parties on complaint or appeal and such decision may be enforced in any court of competent jurisdiction.
	54.2	PPAA may be contacted at the address shown in the BDS .

SECTION II: BID DATA SHEET (BDS) The following specific data for the Works to be procured shall complement, supplement, or amend the provisions in the
The following specific data for the Works to be procured shall complement, supplement, or amend the provisions in the Instructions to Bidders (ITB). Whenever there is a conflict, the provisions herein shall prevail over those in ITB.

A. Introduction

TDS.	Required Information/Data	ITB Clause	Information/Data to be filled by the PE
1.	Scope of Bid	1.1	The number of invitations for Bids is: TR10/WB/P163399/TZ-NIT-470713-CW-RFB/2024/2025/W/01
			The Employer is: NATIONAL INSTITUTE OF TRANSPORT
			The reference number of the Request for Bids (RFB) is: TR10/WB/P163399/TZ-NIT-470713-CW-RFB/2024/2025/W/01
			The name of the RFB is: Construction of Aircraft Hangar at Kilimanjaro International Airport for NIT Center of Excellence in Aviation and Transport Operation
			The number and identification of lots (contracts) comprising this RFB are Not Applicable.
			The name of the Project is: EAST AFRICA SKILLS FOR TRANSFORMATION AND REGIONAL INTEGRATION PROJECT(EASTRIP).
2.	Members of JVCA	4.1	Not Applicable
3.	Debarred firms or individuals	4.5	A list of debarred firms and individuals is available on the Bank's external website: http://www.worldbank.org/debarr.

B. Contents of Bidding Documents

4.	Pre- Bid Meeting	7.4	Pre- bid Meeting will be held at NATIONAL INSTITUTE OF TRANSPORT on 24/02/2025 at 10:00 hours local time.
5.	Site Visit	7.4	Site Visit will be held at KILIMANJARO INTERNATIONAL AIRPORT on 28/02/2025 at 10:00 hours local time.

C. Preparation of Bids

	C. Preparation of Bids					
6.	Language of the Bid	10.1	Language of Bid and all correspondence shall be English including Language for translation of supporting documents and printed literature.			
7.	Activity Schedule	11.1 (b)	The following schedules shall be submitted with the Bid: priced Bill of Quantities for admeasurement contracts.			
8.	Additional Bidding Documents	11.1(k)	The Tenderer shall submit the following additional documents in its Tender: Not Applicable			
9.	Alternative Bid	13.1	Not Applicable

EVALUATION AND QUALIFICATION CRITERIA

Commercial Evaluation

1. Eligibility

Litigation History (SCORE: N/A)

Tenderers are required to provide litigation records resulting from contracts completed or ongoing under their execution (In case of Joint Venture, compliance requirements are all Parties Combined – Must Meet requirements and Each Member – Must Meet requirements).

Litigation History Start Year	2020-01-01
Litigation History End Year	2025-01-31

Completion Period (SCORE: N/A)

Bidders are required to comply with the completion period as proposed by the procuring entity unless alternative completion period is allowed.

Completion Time (Days)	180

2. Standard Tender Forms

Tender Validity Period (SCORE: N/A)

Bidders are required to confirm the bid validity period specified by the Procuring Entity.

Tender Validity Period (Days)	120
-------------------------------	-----

Notarized Special Power of Attorney (SCORE: N/A)

Bidder must fill in Standard Power of Attorney as per the required format and upload it into the system.

Tender Security (SCORE: N/A)

The bidder should submit bid security as per instructions to bidders.

3. Financial Situation and Performance

Pending Litigation (SCORE: N/A)

Bidder's financial position and prospective long-term profitability sound according to criteria established and assuming that all pending litigation will be resolved against the Bidder

Pending Litigation Records	Pending Litigation Records resulting from contracts completed or ongoing
Pending Litigation Start Month and Year	January, 2020
Pending Litigation End Month and Year	January, 2025

Financial Statement (SCORE: N/A)

The audited balance sheets or, if not required by the laws of the Bidder's country, other financial statements acceptable to

the Employer, for the period stated shall be submitted and must demonstrate the current soundness of the Bidder's financial position and indicate its prospective long-term profitability.

Financial Statement Start Date	2020-01-01
Financial Statement End Date	2023-12-31
Minimum Current Ratio [Current Assets(CA)/Current Liabilities(CL)]	1
Minimum Cash Ratio [Cash and Bank(C&B)/Current Liabilities(CL)]	N/A
Minimum Working Capital [Current Assets(CA)-Current Liabilities(CL)]	2
Minimum Gross Profit Margin [Gross Profit(GP)/Total Revenue(TR)*100]	10
Minimum Debt to Equity Ratio [Total Liabilities(TL)/Total Equity(TE)]	1
Minimum Return on Assets [Profit before Tax(PBT)/Total Assets(TA)*100]	5

Average Annual Turnover (SCORE: N/A)

Minimum average annual construction turnover stated, calculated as total certified payments received for contracts in progress and/or completed within the period stated (In case of Joint Venture, compliance requirements are: All Parties Combined – Must Meet requirements, Each Member – Must Meet percentage requirements and if One Member – Must Meet percentage requirements stated).

Average Annual Turnover Amount in TZS or any other freely convertible currency	800000000
Turnover Start Date	2020-01-01
Turnover End Date	2023-12-31

Access to Financial Resources (Sources of Fund) (SCORE: N/A)

The Bidder shall demonstrate that it has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means (independent of any contractual advance payment) sufficient to meet the construction cash flow requirements estimated stated for the subject contract(s) net of the Bidder's other commitments.

 	3 . , ,	
Average fund amount from a	all sources (any freely convertible currency proposed by bidder)	1500000000

Technical Evaluation

1. Experience

Current Contract Commitment (SCORE: N/A)

Bidder must demonstrate that it has adequate sources of finance to meet the cash flow requirements on contracts currently in progress and for future contract commitments. (In the case of a Joint Venture, compliance requirements are: All Parties Combined – Must Meet requirements).

Current Commitment Start Year	2020-01-01
Current Commitment End Year	2024-12-31

General Experience in Construction Activities (SCORE: N/A)

Experience under construction contracts in the role of prime contractor, JV member, subcontractor, or management contractor for period stated.

			_
	Key Construction	Experience under construction contracts in the role of prime contractor, JV member,	

Activities	subcontractor, or management contractor

Specific Experience (SCORE: N/A)

Bidder is required to provide details of their previous and ongoing contracts to evidence their specific experience in construction assignments.

Specific Experience	Specific experience in Construction of Aircraft Hangar or project of similar nature		
Specific Experience Start Year	2015-01-01		
Specific Experience End Year	2024-12-31		
Number of Specific Experience Contracts	2		
Value of each specific experience contract in the specified tender currency	1500000000		

General Experience (SCORE: N/A)

Bidder should provide details of their previous and ongoing contracts to evidence their general experience in construction.

General experience start date	2015-01-01
General experience end date	2024-12-31
Number of contract	3
Contract value in the specified currency	1000000000

General Experience in Key Activities (SCORE: N/A)

Experience in Key Activities: For any other contracts completed and/or under implementation as prime contractor/supplier/service provider, within the duration and with the minimum experience requested for the key activities. The minimum experience requirement for multiple contracts will be the sum of the minimum requirements for respective individual contracts, unless specified otherwise. (In case of Joint Venture, compliance requirements are: All Parties combined – Must Meet requirements and One Member - Must meet the requirements for the key activities listed and the corresponding minimum requirements).

2. Technical Specifications

Risk Management Plan (SCORE: N/A)

Bidders are required to submit a risk management plan that shows risk identification and impact assessment, risk response and control strategy, and roles and responsibilities in managing risks.

3. Key Personnel

Key Personnel (SCORE: N/A)

The Bidder must demonstrate that it will have suitably qualified (and in adequate numbers) Key Personnel, as described in the Specification. The Bidder shall provide details of the Key Personnel and such other Key Personnel that the Bidder considers appropriate to perform the Contract, together with their academic qualifications and work experience in the Qualification Information in the system.

Categories of Key Personnel	Education Level	Experience of Key Personnel	Number of Required Key Personnel
Health and Safety Officer	To be certified by Occupational Safety and Health Authority (OSHA) of Tanzania	3	1
Social Officer	Degree in Social Sciences, Development Studies, Community Development or related fields (registered by the recognized board)	3	1

TECHNICAL PROPOSALS FORMS

1	Key Personnel Schedule	The bidders should provide the names and details of the suitably qualified Key Personnel to perform the Contract. Data on their experience should be updated in the tenderer profile i.e. Qualifications Information through the system for each candidate to allow submission of the same during bid application.
2	Equipment	The bidder shall provide adequate information to demonstrate clearly that it can meet the requirements for the key equipment listed in Section III (Evaluation and Qualification Criteria).
3	Site Organization	The bidder shall submit through the system an organizational diagram indicating his proposed project organization, including Head Office management and possible sub-contractors. The chart shall be sufficiently detailed to enable an assessment of the number of supervisory staff and foremen available on-site to the extent that CVs requested under Personnel, such candidate shall be identifiable on the attached organization diagram.
4	Method Statement	The bidder is required to submit through the system the expected hereunder and to detail clearly how he intends to execute the works and complete the entire work in accordance with the proposed programme.
5	Mobilization Schedule	The bidder is required to submit a mobilization schedule as per the requirements of the employer.
6	Construction Schedule	The bidder is required to submit a construction schedule as per the requirements of the employer.
7	ES Management Strategies and Implementation Plans (ES-MSIP)	The Bidder shall submit comprehensive and concise Environmental and Social Management Strategies and Implementation Plans (ES-MSIP) as required by ITB 11.1 (i) of the Bid Data Sheet. These strategies and plans shall describe in detail the actions, materials, equipment, management processes etc. that will be implemented by the Contractor, and its subcontractors. In developing these strategies and plans, the Bidder shall have regard to the ES provisions of the contract including those as may be more fully described in the Works Requirements in Section VII.

Note to the Bidder:

The minimum content of the Code of Conduct form as set out by the Employer shall not be substantially modified. However, the Bidder may add requirements as appropriate, including taking into account Contract-specific issues/risks.

The Bidder shall initial and submit the Code of Conduct form as part of its bid.

CODE OF CONDUCT FOR CONTRACTOR'S PERSONNEL

We are the Contractor, [enter name of Contractor]. We have signed a contract with [entername of Employer] for [enter description of the Works]. These Works will be carried out at [enter the Site and other locations where the Works will be carried out]. Our contract requires us to implement measures to address environmental and social risks related to the Works, including the risks of sexual exploitation, sexual abuse, and sexual harassment.

This Code of Conduct is part of our measures to deal with environmental and social risks related to the Works. It applies to all our staff, laborers, and other employees at the Works Site or other places where the Works are being carried out. It also applies to the personnel of each subcontractor and any other personnel assisting us in the execution of the Works. All such persons are referred to as "Contractor's Personnel" and are subject to this Code of Conduct.

This Code of Conduct identifies the behavior that we require from all Contractor's Personnel.

Our workplace is an environment where unsafe, offensive, abusive, or violent behavior will not be tolerated and where all persons should feel comfortable raising issues or concerns without fear of retaliation.

REQUIRED CONDUCT

Contractor's Personnel shall:

- 1. carry out his/her duties competently and diligently;
- 2. comply with this Code of Conduct and all applicable laws, regulations, and other requirements, including requirements to protect the health, safety, and well-being of other Contractor's Personnel and any other person;
- 3. maintain a safe working environment including by:
 - a. ensuring that workplaces, machinery, equipment, and processes under each person's control are safe and without risk to health;
 - b. wearing required personal protective equipment;
 - c. using appropriate measures relating to chemical, physical and biological substances and agents; and
 - d. followingapplicable emergency operating procedures.
- 4. reportwork situations that he/she believes are not safe or healthy and remove himself/herself from a work situation which he/she reasonably believes presents an imminent and serious danger to his/her life or health;
- 5. treat other people with respect, and not discriminate against specific groups such as women, people with disabilities, migrant workers or children;
- 6. not engage in Sexual Harassment, which means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature with other Contractor's or Employer's Personnel;
- 7. not engage in Sexual Exploitation, which means any actual or attempted abuse of position of vulnerability, differential power or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another;
- 8. not engage in Sexual Abuse, which means the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions;
- 9. not engage in any form of sexual activity with individuals under the age of 18, except in case of pre-existing marriage;
- 10. complete relevant training courses that will be provided related to the environmental and social aspects of the Contract, including on health and safety matters, and Sexual Exploitation and Abuse (SEA), and Sexual Harassment (SH):
- 11. report violations of this Code of Conduct; and
- 12. not retaliate against any person who reports violations of this Code of Conduct, whether to us or the Employer, or who makes use of the grievance mechanism for Contractor's Personnel or the project's Grievance Redress Mechanism.

RAISING CONCERNS

If any person observes behavior that he/she believes may represent a violation of this Code of Conduct, or that otherwise concerns him/her, he/she should raise the issue promptly. This can be done in either of the following ways:

1. Contact [enter name of the Contractor's Social Expert with relevant experience in handling gender-based violence, or if

such person is not required under the Contract, another individual designated by the Contractor to handle these matters] inwriting at this address [] or by telephone at [] or in person at []; or

2. Call [] to reach the Contractor'shotline (if any) and leave a message.

The person's identity will be kept confidential, unless reporting of allegations is mandated by the country law. Anonymous complaints or allegations may also be submitted and will be given all due and appropriate consideration. We take seriously all reports of possible misconduct and will investigate and take appropriate action. We will provide warm referrals to service providers that may help support the person who experienced the alleged incident, as appropriate.

There will be no retaliation against any person who raises a concern in good faith about any behavior prohibited by this Code of Conduct. Such retaliation would be a violation of this Code of Conduct.

CONSEQUENCES OF VIOLATING THE CODE OF CONDUCT

Any violation of this Code of Conduct by Contractor's Personnel may result in serious consequences, up to and including termination and possible referral to legal authorities.

FOR CONTRACTOR'S PERSONNEL:

I have received a copy of this Code of Conduct written in a language that I comprehend. I understand that if I have any questions about this Code of Conduct, I can contact [entername of Contractor's contact person with relevant experience] requesting anexplanation.

Section V - Eligible Countries

Eligibility for the Provision of Goods, Works, and Services in Bank-Financed Procurement

In reference to ITB 4.8, and 5.1, for the information of the Bidders, at the present time firms, goods, and services from the following countries are excluded from this Bidding process: Under ITB 4.8(a) and 5.1 and Under ITB 4.8(b) and 5.1

Not Applicable

Section VI - Fraud and Corruption

(Section VI shall not be modified)

- 1. Purpose
- 1.1 The Bank's Anti-Corruption Guidelines and this annex apply with respect to procurement under Bank Investment Project Financing operations.

2. Requirements

- 2.1 The Bank requires that Borrowers (including beneficiaries of Bank financing); bidders (applicants/proposers), consultants, contractors, and suppliers; any sub-contractors, sub-consultants, service providers or suppliers; any agents (whether declared or not); and any of their personnel, observe the highest standard of ethics during the procurement process, selection, and contract execution of Bank-financed contracts, and refrain from Fraud and Corruption.
- 2.2 To this end, the Bank:
- a. Defines, for the purposes of this provision, the terms set forth below as follows:
- i. "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
- ii. "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
- iii. "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- iv. "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
- v. "obstructive practice" is:
 - (a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - (b) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under paragraph 2.2 e. below.
- b. Rejects a proposal for award if the Bank determines that the firmor individual recommended for award, any of its personnel, or its agents, orits sub-consultants, sub-contractors, service providers, suppliers and/ ortheir employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract inquestion;
- c. In addition to the legal remedies set out in the relevant LegalAgreement, may take other appropriate actions, including declaringmisprocurement, if the Bank determines at any time that representatives of theBorrower or of a recipient of any part of the proceeds of the loan engaged incorrupt, fraudulent, collusive, coercive, or obstructive practices during theprocurement process, selection and/or execution of the contract inquestion, without the Borrower havingtaken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timelymanner at the time they knew of thepractices;
- d. Pursuant to the Bank's Anti- Corruption Guidelines and inaccordance with the Bank's prevailing sanctions policies and procedures, maysanction a firm or individual, either indefinitely or for a stated period oftime, including by publicly declaring such firm or individual ineligible (i) tobe awarded or otherwise benefit from a Bank-financed contract, financially orin any other manner; [1] (ii) to be a nominated [2] sub-contractor, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project;
- e. Requires that a clause be included in bidding/request forproposals documents and in contracts financed by a Bank loan, requiring (i)bidders (applicants/proposers), consultants, contractors, and suppliers, andtheir sub-contractors, sub-consultants, service providers, suppliers, agentspersonnel, permit the Bank to inspect[3] all accounts,

records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the Bank.

- [1] For the avoidance of doubt, a sanctioned party'sineligibility to be awarded a contract shall include, without limitation, (i)applying for pre-qualification, expressing interest in a consultancy, and bidding, either directly or as a nominated subcontractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendmentintroducing a material modification to any existing contract.
- [2] Anominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the particular bidding document) is one which has been: (i) included by the bidder in its pre-qualification application or bid because it brings specificand critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.
- [3] Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the veracity of anallegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

ENVIRONMENTAL, SOCIAL, HEALTH AND SAFETY REQUIREMENTS

The Employer should include a suitably qualified Environmental and Social specialist/s.

The Employer should attach or refer to the Employer's environmental and social, policies that will apply to the project. If these are not available, the Employer should use the following guidance in drafting an appropriate policy for the Works.]

Suggested content for Environmental and Social Policy (Statement)

The Works' policy goal, as a minimum, should be stated to integrate environmental protection, occupational and community health and safety, gender, equality, child protection, vulnerable people (including those with disabilities), sexual harassment, gender-based violence, Sexual Exploitation and Abuse (SEA), HIV/AIDS awareness and prevention and wide stakeholder engagement in the planning processes, programs, and activities of the parties involved in the execution of the Works. The policy should set the frame for monitoring, continuously improving processes and activities and for reporting on the compliance with the policy.

The policy shall include a statement that, for the purpose of the policy and/or code of conduct, the term "child" / "children" means any person(s) under the age of 18 years.

The policy should, as far as possible, be brief but specificand explicit, and measurable, to enable reporting of compliance with the policyin accordance with the General Conditions of Contract.

As a minimum, the policy is set out to the commitments to:

- 1. apply good international industry practice to protect and conserve the natural environment and to minimize unavoidable impacts;
- 2. provide and maintain a healthy and safe work environment and safe systems of work;
- 3. protect the health and safety of local communities and users, with particular concern for those who are disabled, elderly, or otherwise vulnerable;
- 4. be intolerant of, and enforce disciplinary measures for illegal activities. To be intolerant of, and enforce disciplinary measures for gender-based violence, inhumane treatment, sexual exploitation, rape, sexual abuse, sexual activity with children, and sexual harassment;
- 5. incorporate a gender perspective and provide an enabling environment where women and men have equal opportunity to participate in, and benefit from, planning and development of the Works;
- 6. work co-operatively, including with end users of the Works, relevant authorities, contractors and local communities;
- 7. engage with and listen to affected persons and organizations and be responsive to their concerns, with special regard for vulnerable, disabled, and elderly people;
- 8. provide an environment that fosters the exchange of information, views, and ideas that is free of any fear of retaliation, and protects whistleblowers;
- 9. minimize the risk of communicable diseases and to mitigate the effects of communicable diseases associated with the execution of the Works;

The policy should be signed by the senior manager of the Employer. This is to signal the intent that it will be applied rigorously.

MinimumContent of ES requirements

In preparing detailed specifications for ES requirements, thespecialists should refer to and consider:

project reports e.g. ESIA/ESMP

consent/permit conditions

required standards including Guidelines

relevant international conventions or treaties etc., national legal and/or regulatory requirements and standards (eg NEMC and OSHA Guidelines)

relevant international standards e.g. TDFA Guidlines

relevant sector standards

grievance redress mechanism including types of grievances to be recorded and how to protect confidentiality e.g. of those reporting allegations of SEA.

SEA prevention and management.

The detail specification for ES should, to the extent possible, describe the intended outcome rather than the method of working. The ES requirements should be prepared in manner that does not conflict with the relevant General Conditions of Contract and Particular Conditions of Contract.

Payment for ES Requirements

The Employer's ES and procurement specialists should consider how the Contractor will cost the delivery of the ES requirements. In the majority of cases, the payment for the delivery of ES requirements shall be a subsidiary obligation of the Contractor covered under the prices quoted for other Bill of Quantity items or activities. For example, normally the cost of implementing work place safe systems of work, including the measures necessary for ensuring traffic safety, shall be covered by the Tenderer's rates for the relevant works. Alternatively, provisional sums could be set aside for discrete activities for example for HIV counselling service, and, and, GBV/SEA awareness and sensitization awareness and sensitization or to encourage the contractor to deliver additional ES outcomes beyond the requirement of the Contract.

V	SITE LEVELS AND SETTING OUT THE	WORKS			
C	The Contractor shall set out the Works in accordance with the dimensions and levels shown on the Drawings and shall be responsible for the correctness of all dimensions and levels so set out by him and will be required to amend all errors arising from inaccurate setting out at his own cost and expense. In the event of any error or discrepancy in the dimensions or levels marked on the Drawings being discovered such errors or discrepancies must be reported by the Contractor to the Project manager for	lump sum	1.00		

	11 1 11 11 11 11 11 11 11 11 11 11 11 1			
	his immediate attention. No work shall be commenced by the Contractor until he has received written instructions from the Project manager to adjust such discrepancies which may be proved. Upon receipt of such instructions the Contractor shall there upon be responsible for the accurate setting out of the works, giving effect to the adjustments necessary to comply with such instructions, and no claim for extra expense based on any discrepancy or error in the dimensions or levels shown on the Drawings may be made thereafter.			
VI	CONTRACTOR'S SUPERVISION			
F	The Contractor shall provide full and adequate supervision during the progress of the works and shall employ and keep a competent and authorized Agent or General foreman as well as other contractors staff and labour with appropriate qualification and experience all as approved by the Project Manager (which approval may be withdrawn at any time) constantly on the works. Such authorized Agent or General Foreman shall give his whole time to the supervision of the works and must be able to read and speak English and or Swahili, to receive and act upon (on behalf of the Contractor) all instructions, directions, or orders issued by the Project Manager or his representative.	lump sum	1.00	
VII	GENERAL SCAFFOLDING AND TEMPO	RARY SUPPO	RT	
О	Provide all scaffolding, (tubular steel or similar), that may be required for the works.	lump sum	1.00	
VIII	CONTROL OF NOISE, POLLUTION ANI	O ALL OTHER	STATUTOR	Y OBLIGATIONS
IX	TRESPASS AND NUISANCE			
X	PROTECTION FROM WEATHER			
XI	SITE OFFICE ACCOMMODATION AND	TEMPORARY	STRUCTUR	RES
K	The contractor shall, at his own cost, supply and erect all temporary buildings, sheds, mess rooms and stores with floors at least 150mm above ground level. No office, stores or other temporary buildings shall be erected on the site without first obtaining the consent of the Project Manager/Project manager as to the type of temporary building to be supplied and the position in which they are to be erected.	lump sum	1.00	
L	Temporary latrines shall be provided, maintained and removed on completion by the Contractor to the satisfaction of the Project manager and Local Authorities.	lump sum	1.00	
XII	WATER FOR THE WORKS AND TEMPO	DRARY CONNE	ECTION	
Н	The contractor shall at his own expense use whatever means at his disposal, provide on the site plentiful, suitable and clean water for	lump sum	1.00	

	deemed to include for all costs and charges of					
	whole water to be used in the works.					
XIII	TEMPORARY CONNECTION, POWER FOR THE WORKS AND LIGHTING					
XIV	The Contractor shall provide all artificial lighting, electric power and the energy required for the execution of the work. The provision of light and, where appropriate, power for Agents appointed by the Client and Local Authorities is included in the items of general and special attendance in Provisional and Prime Cost Sums. The Contract sum shall be deemed to include for all fees and charges for all temporary services and clearing away on completion, and for the cost of all electricity consumed for the works. TEMPORARY FENCING, HOARDINGS,	lump sum	1.00	ED FOOTW	AVS	
AT V	GUARD RAILS, GANTRIES AND SIMILA		io, i Lain	EDTOOTW	A10,	
N	The works shall be enclosed by the Contractor with a fence not less than 3.00m high neat and uniform in appearance to the approval of the Project manager. The fence shall be a sufficient obstacle to prevent the ingress of unauthorized persons or children and shall be complete with all necessary padlocked entrance gates, fans and screens as may be requisite to ensure the safety of the public or adjoining owners and of the works. Any commercial paint on the hoarding shall be done at the approval of the Employer. The Contractor shall maintain the fence, gates, and screens, obtain all necessary licenses and pay all fees in connection therewith, the amounts of which shall be deemed to be included in the Contract Sum. The Contractor shall allow for moving or adapting the fencing as and when required during the progress of the works and shall dismantle and remove at completion of the work, but not until all danger to the public has passed and shall make good all work disturbed.	lump sum	1.00			
XV	PROJECT SIGNBOARD					
M	The Contractor shall unless otherwise directed, obtain any necessary consent or license from the Local Authority and immediately upon commencement of the works the Contractor shall, in accordance with the details supplied by the Project manager, make and erect a sign board showing the name of the Employer, all Consultants, the Contractor, all Subcontractor and such other information as shall be directed and approved by the Project manager. The Contractor shall include in the Contract Sum all fees and charges payable to Professional and Regulatory Boards for Architect, Quantity Surveyors (AQRB) and Engineers (ERB). The Contractor shall be liable for any penalty arising from inadequate or wrongly erected signboard.	lump sum	1.00			

XVI	SAMPLES			
F	Samples of proposed materials and workmanship shall, if required by the Project manager, be submitted for approval, and those samples will be left on site by the Project manager who shall have power to reject all such materials and condemn such workmanship that does not correspond with the approved sample. The following samples (and others as directed by the Project manager) shall be provided; tiles, doors, sanitary fittings, electrical fittings, painting, and glass panels.	lump sum	1.00	
XVII	TESTING, QUALITY CONTROL AND AS	SSURANCE		
G	The Project manager may, whenever he considers it desirable, test any materials before they leave the maker's premises as well as after delivery on the site, and the Project manager shall be at liberty to reject any materials after delivery should he consider them unsatisfactory, notwithstanding the preliminary test and approval of the materials at the maker's premises. The costs of these tests are to be borne by the Contractor. When directed by the Project manager, samples of materials (the samples being taken by approved sampling methods) are to be supplied by the Contractor for laboratory tests and shall be delivered by the Contractor at his own cost to the Project manager office or as otherwise directed. The Contractor shall, whenever so instructed by the Structural Engineer, prepare all equipment for pile testing as specified in the measured works section. The Contractor shall keep photographs of instruments readings, ensure safety of performers and observers of pile testing The Contractor shall, whenever so instructed by the Project manager, cut out sections of work executed or samples of materials incorporated therein and shall deliver them where directed for the purpose of testing. All work disturbed shall be made good forthwith by the Contractor. All costs incurred in cutting out, making good and delivering as aforesaid, shall be borne by the Contractor unless the result of the test shows that the materials etc, are in accordance with this Contract. The contractor shall and as Project manager may instruct during execution, provide samples for all kind of testing including physical destructive Testing Contactor shall provide at least a 10 year guarantee from a supplier of any material whenever requested by client with PM Approval; Such as Water proofing, Glass Works, Painting, Curtain Walls, Aluminium material, Granite/Marble Mashrabya Screens, Porcelain tiles, Clading material, acoustic material, signages, Marble, vinyl Tiles, Carpets, Elevators , Lights, Sanitary	lump sum	1.00	

	wares, Furnitures, Ironmongeries, Pumps ,Roofing sheet, Pipes, ventilation devices. The contractor shall make sure that all materials are tested at any accredited laboratory or any approved laboratory by the Project manager.				
XVIII	WATCHING AND SECURITY OF THE SI	TE			
D	The Contractor shall provide all watching and lighting and everything else necessary by day and night for the due protection and Security of the Works and the public and other persons. He shall provide all barriers, notices, watchmen to prevent access of unauthorized persons into the site. The Contractor will be liable for all consequences of theft from the site of his own or Subcontractors or Suppliers materials or equipment. Any such theft will not relieve the Contractor of his liability for completion the Works on time.	lump sum	1.00		
XIX	PROTECTION OF WORKS				
Q	Any damage and/or settlement that may be caused arising out of or directly or indirectly consequent upon the aforesaid protective measures or the lack thereof or the carrying out of the Works is to be made good by the Contractor at his own expense to the satisfaction of the Project manager and all other parties concerned. The Contractor shall cover up and protect all finished work liable to damage including provision of temporary roofs, gutters, drains, etc., until the completion of the Works. The entire responsibility in respect of all matters mentioned or referred to in this clause shall rest with the Contractor not withstanding any approval given by the Project manager to, or concurrence in, the action taken or proposed to be taken by the Contractor, in pursuance of his obligations.	lump sum	1.00		
XX	PROGRESS CHART, PROGRESS REPOR	TS AND PROG	GRESS PHO) TOGRAPHS	8
E	Immediately after signing the Contract the Contractor is to prepare a time and progress chart showing the time and order in which he proposes to carry out the works within the total construction time stated in the Contract. The chart shall show in detail the construction time and order in which each section of the work is to be carried out and be subdivided into trades or tasks. Where the Contract is made up of individual buildings a separate chart shall be provided for each. Upon the letting of Subcontracts the Contractor is to incorporate similar times and details of each separate Subcontractor's work (which information is to be provided by the Subcontractor) and the chart shall be so designed to accommodate this information. At the end of each week the Contractor is to mark on the chart, in a different colour, the actual time taken to complete the respective	lump sum	1.00		

	T				
	stages and sections of the work. The Contractor shall also show upon the chart the anticipated weekly labour strength required upon the site (divided into labourers and craftsmen) and shall similarly mark up the actual numbers employed. Copies of the completed chart are to be supplied to the Project manager Two days before each of the scheduled site meeting the Contractor shall submit a progress report in triplicate to the Project Manager indicating the periodic progress and giving details of any delays caused by inclement weather or other reasons beyond his control. The report must include information on labour employed, and the progress of all trades, including Agents appointed by the Client. Also the Contractor shall submit three copies of progress photographs clearly indicating the date and time of the activity shown on the photograph.				
XXI	REMOVING RUBBISH, WASTES, PLAN	TS AND CLEAN	NING OF THE B	BUILDINGS	
R	The Contractor shall, upon completion of the Works remove and clear away all temporary buildings, plant, rubbish and unused materials, and shall leave the whole of the Site of the Works in a clean and tidy state to the Satisfaction of the Project manager. He shall also remove all rubbish and dirt from the Site at weekly intervals or as directed by the Project manager.	lump sum	1.00		
S	Before handing over any building the Contractor shall properly clean all floors and finished surfaces, clean glass inside and outside and leave all sanitary and other appliances in full working order. He shall also cut and weed all grassed areas, clean down external steps, paths and roads and leave the whole in perfect condition ready for occupation.	lump sum	1.00

PART 3 – CONDITIONS OF CONTRACT AND CONTRACT FORMS

SECTION VIII: GENERAL CONDITIONS OF CONTRACT

These General Conditions of Contract (GCC), read in conjunction with the particular conditions of Contract (PCC) and
other documents listed therein, should be a complete document expressing fairly the rights and obligations of both parties.
These General Conditions of Contract have been developed on the basis of considerable international experience in the
drafting and management of contracts, bearing in mind a trend in the construction industry towards simpler, more straight
forward language.

The GCC can be used for both smaller admeasurement contracts and lump sum contracts.

A: GENERAL

	,	A: GENERAL
1. Definition	1.1	Boldface type is used to identify defined terms.
		(a) The Accepted Contract Amount means the amount accepted in
		the Letter of Acceptance for the execution and completion of
		the Works and the remedying of any defects.
		(b) The Activity Schedule is a schedule of the activities comprising
		the construction, installation, testing, and commissioning of the
		Works in a lump-sum contract. It includes a lump-sum price for
		each activity, which is used for valuations and for assessing the
		effects of Variations and Compensation Events.
		(c) The Adjudicator is the person appointed jointly by the
		Employer and the Contractor to resolve disputes in the first
		instance, as provided for in GCC 23.
		1
		(d) Bank means the financing institution named in the PCC .
		(e) Bill of Quantities means the priced and completed Bill of
		Quantities forming part of the Bid.
		(f) Compensation Events are those defined in GCC Clause 42
		hereunder.
		(g) The Completion Date is the date of completion of the Works as
		certified by the Project Manager, in accordance with GCC Sub-
		Clause 57.1.
		(h) The Contract is the Contract between the Employer and the
		Contractor to execute, complete, and maintain the Works. It
		consists of the documents listed in GCC Sub-Clause 2.3 below.
		(i) The Contractor is the party whose Bid to carry out the Works
		1 ' '
		has been accepted by the Employer.
		(j) The Contractor's Bid is the completed bidding document
		submitted by the Contractor to the Employer.
		(k) The Contract Price is the Accepted Contract Amount stated in
		the Letter of Acceptance and thereafter as adjusted in
		accordance with the Contract.
		(1) Days are calendar days; months are calendar months.
		(m) Dayworks are varied work inputs subject to payment on a time
		basis for the Contractor's employees and Equipment, in addition
		to payments for associated Materials and Plant.
		(n) A Defect is any part of the Works not completed in accordance
		with the Contract.
		(o) The Defects Liability Certificate is the certificate issued by
		Project Manager upon correction of defects by the Contractor.
		(p) The Defects Liability Period is the period named in the PCC
		pursuant to GCC Sub-Clause 38.1 and calculated from the
		Completion Date.
		(q) Drawings means the drawings of the Works, as included in the
		Contract, and any additional and modified drawings issued by
		(or on behalf of) the Employer in accordance with the Contract,
		include calculations and other information provided or approved
		by the Project Manager for the execution of the Contract.
		(r) The Employer is the party who employs the Contractor to carry
		out the Works, as specified in the PCC.
		(s) Equipment is the Contractor's machinery and vehicles brought
		temporarily to the Site to construct the Works.
		(t) "In writing" or "written" means hand-written, type-written,
		printed or electronically made, and resulting in a permanent
		1 .
		record;
		(u) The Initial Contract Price is the Contract Price listed in the
		Employer's Letter of Acceptance.
		(v) The Intended Completion Date is the date on which it is
		intended that the Contractor shall complete the Works. The
		Intended Completion Date is specified in the PCC. The
		Intended Completion Date may be revised only by the Project
		Manager by issuing an extension of time or an acceleration
		order.
		(w) Materials are all supplies, including consumables, used by the
	-	•

- Contractor for incorporation in the Works.
- (x) **Plant** is any integral part of the Works that shall have a mechanical, electrical, chemical, or biological function.
- (y) The Project Manager is the person named in the PCC (or any other competent person appointed by the Employer and notified to the Contractor, to act in replacement of the Project Manager) who is responsible for supervising the execution of the Works and administering the Contract.
- (z) **PCC** means Particular Conditions of Contract.
- (aa) The **Site** is the area defined as such in the PCC.
- (bb) **Site Investigation Reports** are those that were included in the bidding document and are factual and interpretative reports about the surface and subsurface conditions at the Site.
- (cc) **Specification** means the Specification of the Works included in the Contract and any modification or addition made or approved by the Project Manager.
- (dd) The **Start Date** is given in the **PCC.** It is the latest date when the Contractor shall commence execution of the Works. It does not necessarily coincide with any of the Site Possession Dates.
- (ee) A **Subcontractor** is a person or corporate body who has a Contract with the Contractor to carry out a part of the work in the Contract, which includes work on the Site.
- (ff) **Temporary Works** are works designed, constructed, installed, and removed by the Contractor that are needed for construction or installation of the Works.
- (gg) A **Variation** is an instruction given by the Project Manager which varies the Works.
- (hh) The **Works** are what the Contract requires the Contractor to construct, install, and turn over to the Employer, as defined in the PCC.
- (ii) "Contractor's Personnel" refers to all personnel whom the Contractor utilizes on the Site or other places where the Works are carried out, including the staff, labor and other employees of each Subcontractor.
- (jj) **"Key Personnel"** means the positions (if any) of the Contractor's personnel that are stated in the Specification.
- (kk) "ES" means Environmental and Social (including Sexual Exploitation and Abuse (SEA), and Sexual Harassment (SH)):
- (ll) "Sexual Exploitation and Abuse" "(SEA)" means the following:
 - **Sexual Exploitation** is defined as any actual or attempted abuse of position of vulnerability, differential power or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another. In Bank financed operations/projects, sexual exploitation occurs when access to or benefit from a Bank financed Goods, Works, Non-consulting Services or Consulting Services is used to extract sexual gain;
 - Sexual Abuse is defined as the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions;
- (mm) "Sexual Harassment" "(SH)" is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature by the Contractor's Personnel with other Contractor's or Employer's Personnel; and
- (nn) "Employer's Personnel" refers to the Project Manager and all other staff, labor and other employees (if any) of the Project Manager and of the Employer engaged in fulfilling the Employer's obligations under the Contract; and any other personnel identified as Employer's Personnel, by a notice

		from the Employer or the Project Manager to the Contractor.
2. Interpretation	2.1	In interpreting these GCC, words indicating one gender include all
		genders. Words indicating the singular also include the plural and
		words indicating the plural also include the singular. Headings have no significance. Words have their normal meaning under the
		language of the Contract unless specifically defined. The Project
		Manager shall provide instructions clarifying queries about these
		GCC.
	2.2	If sectional completion is specified in the PCC, references in the GCC to the Works, the Completion Date, and the Intended
		Completion Date apply to any Section of the Works (other than
		references to the Completion Date and Intended Completion Date for the whole of the Works).
	2.3	The documents forming the Contract shall be interpreted in the
		following order of priority: (a) Agreement,
		(b) Letter of Acceptance,
		(c) Letter of Bid,
		(d) Particular Conditions of Contract,
		(e) General Conditions of Contract, including Appendices,
		(f) Specification,
		(g) Drawings,
		(h) Bill of Quantities, and (i) any other document listed in the PCC as forming part of the
		Contract.
3. Language and Law	3.1	The language of the Contract and the law governing the Contract are stated in the PCC .
	3.2	Throughout the execution of the Contract, the Contractor shall
		comply with the import of goods and services prohibitions in the
		Employer's country when: (a) as a matter of law or official regulations, the Borrower's
		country prohibits commercial relations with that country; or
		(b) by an act of compliance with a decision of the United Nations
		Security Council taken under Chapter VII of the Charter of the
		United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country,
		person, or entity in that country.
4. Project Manager's Decisions	4.1	Except where otherwise specifically stated, the Project Manager
		shall decide contractual matters between the Employer and the
5. Delegation	5.1	Contractor in the role representing the Employer. Unless otherwise specified in the PCC, the Project Manager may
2. Delegation	J.1	delegate any of his duties and responsibilities to other people,
		except to the Adjudicator, after notifying the Contractor, and may
6 Communications	6.1	revoke any delegation after notifying the Contractor.
6. Communications	6.1	Communications between parties that are referred to in the Conditions shall be effective only when in writing. A notice shall be
		effective only when it is delivered.
7. Subcontracting	7.1	The Contractor may subcontract with the approval of the Project
		Manager but may not assign the Contract without the approval of the Employer in writing. Subcontracting shall not alter the
		Contractor's obligations. The Contractor shall require that its
		Subcontractors execute the Works in accordance with the Contract,
		including complying with the relevant ES requirements and the
	7.2	obligations set out in Sub-Clause 28.1 Submision by the Contractor for approval of the Project Manager,
		addition of any Subcontractor not named in the Contract, shall also
		include the Subcontractor's declaration in accordance with
		Appendix C- Sexual exploitation and Abuse (SEA) and/or Sexual Harassment (SH) Performance Declaration
	<u> </u>	Transsilient (511) I errorillance Deciaration

		·
8. Other Contractors	8.1	The Contractor shall cooperate and share the Site with other contractors, public authorities, utilities, and the Employer between the dates given in the Schedule of Other Contractors, as referred to in the PCC . The Contractor shall also provide facilities and services for them as described in the Schedule. The Employer may
		modify the Schedule of Other Contractors, and shall notify the Contractor of any such modification.
	8.2	The Contractor shall also, as stated in the Specification or as instructed by the Project Manager, cooperate with and allow
		appropriate opportunities for the Employer's or any other personnel, notified to the Contractor by the Employer or Project Manager, to
		conduct any environmental and social assessment.
9. Personnel and Equipment	9.1	The Contractor shall employ the Key Personnel and use the
		Equipment identified in its Bid, to carry out the Works or other
		personnel and Equipment approved by the Project Manager. The
		Project Manager shall approve any proposed replacement of Key
		Personnel and Equipment only if their relevant qualifications or
		characteristics are substantially equal to or better than those
		proposed in the Bid.
	9.2	The Project Manager may require the Contractor to remove (or
		cause to be removed) any person employed on the Site or Works,
		including the Key Personnel (if any), who:
		(a) persists in any misconduct or lack of care;
		(b) carries out duties incompetently or negligently;
		(c) fails to comply with any provision of the Contract;
		(d) persists in any conduct which is prejudicial to safety, health,
		or the protection of the environment;
		(e) based on reasonable evidence, is determined to have engaged
		in Fraud and Corruption during the execution of the Works;
		(f) has been recruited from the Employer's Personnel;
		(g) undertakes behavior which breaches the Code of Conduct for
		Contractor's Personnel (ES).
		If appropriate, the Contractor shall then promptly appoint (or cause
		to be appointed) a suitable replacement with equivalent skills and
		experience.
		Notwithstanding any requirement from the Project Manager to
		remove or cause to remove any person, the Contractor shall take
		immediate action as appropriate in response to any violation of (a)
		through (g) above. Such immediate action shall include removing
		(or causing to be removed) from the Site or other places where the
		Works are being carried out, any Contractor's Personnel who
		engages in (a), (b), (c), (d), (e) or (g) above or has been recruited as
		stated in (f) above.
	9.3	The Contractor shall take all necessary safety measures to avoid the
		occurrence of incidents and injuries to any third party, associated
		with the use of, if any, Equipment on public roads or other public
		infrastructure. The Contractor shall monitor road safety incidents
		and accidents to identify negative safety issues, and establish and
	0.4	implement necessary measures to resolve them.
	9.4	Labor
		9.4.1 Engagement of Staff and Labor. The Contractor shall provide
		and employ on the Site for the execution of the Works such
		skilled, semi-skilled and unskilled labor as is necessary for
		the proper and timely execution of the Contract. The
		Contractor is encouraged, to the extent practicable and
		reasonable, to employ staff and labor with appropriate
		qualifications and experience from sources within the
		Country.
		Unless otherwise provided in the Contract, the Contractor shall
		be responsible for the recruitment, transportation,
		accommodation and welfare facilities in accordance with
		GCC Sub-Clause 9.4.6, of the Contractor's Personnel, and
		for all payments in connection therewith.

- The Contractor shall provide the Contractor's Personnel information and documentation that are clear and understandable regarding their terms and conditions of employment. The information and documentation shall set out their rights under relevant labor laws applicable to the Contractor's Personnel (which will include any applicable collective agreements), including their rights related to hours of work, wages, overtime, compensation and benefits, as well as those arising from any requirements in the Specification. The Contractor's Personnel shall be informed when any material changes to their terms or conditions of employment occur.
- 9.4.2 Conditions of Labor. The Contractor shall inform the Contractor's Personnel about:
 - (a) any deduction to their payment and the conditions of such deductions in accordance with the applicable laws or as stated in the Specification; and
 - (b) their liability to pay personal income taxes in the Country in respect of such of their salaries, wages, allowances and any benefits as are subject to tax under the laws of the Country for the time being in force.

The Contractor shall perform such duties in regard to such deductions thereof as may be imposed on him by such laws.

Where required by applicable laws or as stated in the Specification, the Contractor shall provide the Contractor's Personnel written notice of termination of employment and details of severance payments in a timely manner. The Contractor shall have paid the Contractor's Personnel (either directly or where appropriate for their benefit) all due wages and entitlements including, as applicable, social security benefits and pension contributions, on or before the end of their engagement/employment.

- 9.4.3 The Contractor may bring into the Country any foreign personnel who are necessary for the execution of the Works to the extent allowed by the applicable Laws. The Contractor shall ensure that these personnel are provided with the required residence visas and work permits. The Employer will, if requested by the Contractor, use its best endeavors in a timely and expeditious manner to assist the Contractor in obtaining any local, state, national, or government permission required for bringing in the Contractor's personnel.
- 9.4.4 The Contractor shall at its own expense provide the means of repatriation to and the Contractor's Personnel employed on the Contract at the Site to their various home countries. It shall also provide suitable temporary maintenance of all such persons from the cessation of their employment on the Contract to the date programmed for their departure. In the event that the Contractor defaults in providing such means of transportation and temporary maintenance, the Employer may provide the same to such personnel and recover the cost of doing so from the Contractor.
- 9.4.5 Disorderly conduct. The Contractor shall at all times during the progress of the Contract use its best endeavors to prevent any unlawful, riotous or disorderly conduct or behavior by or amongst the Contractor's Personnel.
- 9.4.6 Facilities for Staff and Labor. Except as otherwise stated in the Specification, the Contractor shall provide and maintain all necessary accommodation and welfare facilities for the Contractor's Personnel. If stated in the Specification, the Contractor shall give access to or provide services that

- accommodate the physical, social and cultural needs of the Contractor's Personnel. The Contractor shall also provide similar facilities for the Employer's Personnel if stated in the Specification.
- 9.4.7 The Contractor shall, in all dealings with the Contractor's Personnel, pay due regard to all recognized festivals, official holidays, religious or other customs and all local laws and regulations pertaining to the employment of labor. The Contractor shall provide the Contractor's Personnel annual holiday and sick, maternity and family leave, as required by applicable laws or as stated in the Specification.
- 9.4.8 Supply of Foodstuffs. The Contractor shall arrange for the provision of a sufficient supply of suitable food as may be stated in the Specification at reasonable prices for the Contractor's Personnel for the purposes of or in connection with the Contract.
- 9.4.9 Supply of Water. The Contractor shall, having regard to local conditions, provide on the Site an adequate supply of drinking and other water for the use of the Contractor's Personnel.
- 9.4.10 Measures against Insect and Pest Nuisance. The Contractor shall at all times take the necessary precautions to protect the Contractor's Personnel employed on the Site from insect and pest nuisance, and to reduce the danger to their health. The Contractor shall comply with all the regulations of the local health authorities, including use of appropriate insecticide.
- 9.4.11 Alcoholic Liquor or Drugs. The Contractor shall not, otherwise than in accordance with the laws of the Country, import, sell, give, barter or otherwise dispose of any alcoholic liquor or drugs, or permit or allow importation, sale, gift, barter or disposal thereto by Contractor's Personnel.
- 9.4.12 Arms and Ammunition. The Contractor shall not give, barter, or otherwise dispose of, to any person, any arms or ammunition of any kind, or allow Contractor's Personnel to
- 9.4.13 Funeral Arrangements. The Contractor shall be responsible, to the extent required by local regulations, for making any funeral arrangements for any of its local employees who may die while engaged upon the Works.
- 9.4.14 Forced Labor. The Contractor, including its Subcontractors, shall not employ or engage forced labor. Forced labor consists of any work or service, not voluntarily performed, that is exacted from an individual under threat of force or penalty, and includes any kind of involuntary or compulsory labor, such as indentured labor, bonded labor or similar labor-contracting arrangements. No persons shall be employed or engaged who have been subject to trafficking. Trafficking in persons is defined as the recruitment, transportation, transfer, harboring or receipt of persons by means of the threat or use of force or other forms of coercion, abduction, fraud, deception, abuse of power, or of a position of vulnerability, or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purposes of exploitation.
- 9.4.15 Child Labor. The Contractor, including its Subcontractors, shall not employ or engage a child under the age of 14 unless the national law specifies a higher age (the minimum age). The Contractor, including its Subcontractors, shall not employ or engage a child between the minimum age and the age of 18 in a manner that is likely to be hazardous, or to

interfere with, the child's education, or to be harmful to the child's health or physical, mental, spiritual, moral, or social development. The Contractor including its Subcontractors, shall only employ or engage children between the minimum age and the age of 18 after an appropriate risk assessment has been conducted by the Contractor with the Project Manager's approval. The Contractor shall be subject to regular monitoring by the Project Manager that includes monitoring of health, working conditions and hours of work. Work considered hazardous for children is work that, by its nature or the circumstances in which it is carried out, is likely to jeopardize the health, safety, or morals of children. Such work activities prohibited for children include work:

- (a) with exposure to physical, psychological or sexual abuse:
- (b) underground, underwater, working at heights or in confined spaces;
- (c) with dangerous machinery, equipment or tools, or involving handling or
- (d) transport of heavy loads;
- (e) in unhealthy environments exposing children to hazardous substances, agents, or processes, or to temperatures, noise or vibration damaging to health; or
- (f) under difficult conditions such as work for long hours, during the night or in confinement on the premises of the employer.
- 9.4.16 Employment Records of Workers. The Contractor shall keep complete and accurate records of the employment of labor at the Site. The records shall include the names, ages, genders, hours worked, and wages paid to all workers. These records shall be summarized on a monthly basis and submitted to the project Manager.
- 9.4.17 Workers' Organizations. In countries where the relevant labor laws recognize workers' rights to form and to join workers' organizations of their choosing and to bargain collectively without interference, the Contractor shall comply with such laws. In such circumstances, the role of legally established workers' organizations and legitimate workers' representatives will be respected, and they will be provided with information needed for meaningful negotiation in a timely manner. Where the relevant labor laws substantially restrict workers' organizations, the Contractor shall enable alternative means for the Contractor's Personnel to express their grievances and protect their rights regarding working conditions and terms of employment. The Contractor shall not seek to influence or control these alternative means. The Contractor shall not discriminate or retaliate against the Contractor's Personnel who participate, or seek to participate, in such organizations and collective bargaining or alternative mechanisms. Workers' organizations are expected to fairly represent the workers in the workforce.
- 9.4.18 Non-Discrimination and Equal Opportunity. The Contractor shall not make decisions relating to the employment or treatment of Contractor's Personnel on the basis of personal characteristics unrelated to inherent job requirements. The Contractor shall base the employment of Contractor's Personnel on the principle of equal opportunity and fair treatment, and shall not discriminate with respect to any aspects of the employment relationship, including recruitment and hiring, compensation (including wages and

10. Employer's and	10.1	benefits), working conditions and terms of employment, access to training, job assignment, promotion, termination of employment or retirement, and disciplinary practices. Special measures of protection or a sparticular job based on the inherent requirements of the job shall not be deemed discrimination. The Contractor shall provide protection and assistance as necessary to ensure non-discrimination and equal opportunity, including for specific groups such as women, people with disabilities, migrant workers and children (of working age in accordance with GCC Sub-Clause 9.4.15). 9.4.19 Contractor's Personnel Grievance Mechanism. The Contractor shall have a grievance mechanism for Contractor's Personnel, and where relevant the workers' organizations stated in GCC Sub-Clause 9.4.17, to raise workplace concerns. The grievance mechanism shall be proportionate to the nature, scale, risks and impacts of the Contract. The mechanism shall address concerns promptly, using an understandable and transparent process that provides timely feedback to those concerned in a language they understand, without any retribution, and shall operate in an independent and objective manner. The Contractor's Personnel shall be informed of the grievance mechanism at the time of engagement for the Contract, and the measures put in place to protect them against any reprisal for its use. Measures will be put in place to make the grievance mechanism easily accessible to all Contractor's Personnel. The grievance mechanism shall not impede access to other judicial or administrative remedies that might be available, or substitute for grievance mechanisms, providing that they are properly designed and implemented, address concerns promptly, and are readily accessible to Contractor's Personnel. Existing grievance mechanisms may be supplemented as needed with Contractor's Personnel on ES aspects of the Contract, including appropriate sensitization on prohibition of SEA and SH, and health and safety training referred to in GCC Sub-Clause 18.2. As stat
10. Employer's and Contractor's Risks	10.1	The Employer carries the risks which this Contract states are Employer's risks, and the Contractor carries the risks which this Contract states are Contractor's risks.
11. Employer's Risks	11.1	From the Start Date until the Defects Liability Certificate has been issued, the following are Employer's risks: (a) The risk of personal injury, death, or loss of or damage to property (excluding the Works, Plant, Materials, and Equipment), which are due to (i) use or occupation of the Site by the Works or for the purpose of the Works, which is the unavoidable result
		of the Works or (ii) negligence, breach of statutory duty, or interference with

		any legal right by the Employer or by any person employed by or contracted to him except the Contractor.
	11.2	 (b) (The risk of damage to the Works, Plant, Materials, and Equipment to the extent that it is due to a fault of the Employer or in the Employer's design, or due to war or radioactive contamination directly affecting the country where the Works are to be executed. From the Completion Date until the Defects Liability Certificate has been issued, the risk of loss of or damage to the Works, Plant, and Materials is an Employer's risk except loss or damage due to (a) a Defect which existed on the Completion Date,
		(b) an event occurring before the Completion Date, which was not itself an Employer's risk, or
		(c) the activities of the Contractor on the Site after the Completion Date.
12. Contractor's Risks	12.1	From the Starting Date until the Defects Liability Certificate has been issued, the risks of personal injury, death, and loss of or damage to property (including, without limitation, the Works, Plant, Materials, and Equipment) which are not Employer's risks are Contractor's risks.
13. Insurance	13.1	The Contractor shall provide, in the joint names of the Employer and the Contractor, insurance cover from the Start Date to the end of the Defects Liability Period, in the amounts and deductibles stated in the PCC for the following events which are due to the Contractor's risks: (a) loss of or damage to the Works, Plant, and Materials; (b) loss of or damage to Equipment;
		(c) loss of or damage to property (except the Works, Plant, Materials, and Equipment) in connection with the Contract; and
	13.2	(d) personal injury or death. Policies and certificates for insuranceshall be delivered by the Contractor to the Project Manager for the ProjectManager's approval before the Start Date. All such insurance shall provide forcompensation to be payable in the types and proportions of currencies required rectify the loss or damage incurred.
	13.3	If the Contractor does not provide any of the policies and certificates required, the Employer may effect the insurance which the Contractor should have provided and recover the premiums the Employer has paid from payments otherwise due to the Contractor or, if no payment is due, the payment of the premiums shall be a debt due.
	13.4	Alterations to the terms of an insurance shall not be made without the approval of the Project Manager.
	13.5	Both parties shall comply with any conditions of the insurance policies.
14. Site Data	14.1	The Contractor shall be deemed to have examined any Site Data referred to in the PCC , supplemented by any information available to the Contractor.
15. Contractor to Construct the Works	15.1	The Contractor shall construct and install the Works in accordance with the Specification and Drawings.
	15.2	If the Contract specifies that the Contractor shall design any part of the permanent Works, the Contractor shall take into the Employer's requirements which may include, if stated in the Specification: (a) designing structural elements of the Works taking into
		account climate change considerations; (b) applying the concept of universal access (the concept of

	_	<u> </u>
		universal access means unimpeded access for people of all ages and abilities in different situations and under various circumstances; and
		(c) considering the incremental risks of the public's potential exposure to operational accidents or natural hazards, including extreme weather events.
16. The Works to Be	16.1	The Contractor may commence execution of the Works on the
Completed by the Intended		Start Date and shall carry out the Works in accordance with the
Completion Date		Program submitted by the Contractor, as updated with the approval of the Project Manager, and complete them by the Intended Completion Date.
	16.2	The Contractor shall not carry out mobilization to the Site unless the Project Manager gives approval, an approval that shall not be unreasonably delayed, to the measures the Contractor proposes to address environmental and social risks and impacts, which at a minimum shall include applying the Management Strategies and Implementation Plans (MSIPs) and Code of Conduct for Contractor's Personnel submitted as part of the Bid and agreed as part of the Contract.
		The Contractor shall submit, to the Project Manager for its approval any additional MSIPs as are necessary to manage the ES risks and impacts of ongoing Works. These MSIPs collectively comprise the Contractor's Environmental and Social Management Plan (C-ESMP). The Contractor shall review the C-ESMP,
		periodically (but not less than every six (6) months), and update it as required to ensure that it contains measures appropriate to the Works. The updated C-ESMP shall be submitted to the Project Manager for its approval.
17. Approval by the Project Manager	17.1	The Contractor shall submit Specification and Drawings showing the proposed Temporary Works to the Project Manager, for his approval.
	17.2	The Contractor shall be responsible for design of Temporary Works.
	17.3	The Project Manager's approval shall not alter the Contractor's responsibility for design of the Temporary Works.
	17.4	The Contractor shall obtain approval of third parties to the design of the Temporary Works, where required.
	17.5	All Drawings prepared by the Contractor for the execution of the temporary or permanent Works, are subject to prior approval by the Project Manager before this use.
18. Health, Safety and Protection of the Environment	18.1	The Contractor shall be responsible for the safety of all activities on the Site.
	18.2	The Contractor shall:
		(a) comply with all applicable health and safety regulations and Laws;
		(b) comply with all applicable health and safety obligations specified in the Contract;
		(c) take care for the health and safety of all persons entitled to be on the Site and other places, if any, where the Works are being executed;
		(d) keep the Site and Works clear of unnecessary obstruction so as to avoid danger to these persons;
		(e) provide fencing, lighting, safe access, guarding and watching of the Works until the issue of the Contract Certificate of Completion;
		(f) provide any Temporary Works (including roadways, footways, guards and fences) which may be necessary, because of the execution of the Works, for the use and protection of the

public and of owners and occupiers of adjacent land;

- (g) provide health and safety training of Contractor's Personnel as appropriate and maintain training records;
- (h) actively engage the Contractor's Personnel in promoting understanding, and methods for, implementation of health and safety requirements, as well as in providing information to Contractor's Personnel, training on occupational safety and health, and provision of personal protective equipment without expense to the Contractor's Personnel;
- (i) put in place workplace processes for Contractor's Personnel to report work situations that they believe are not safe or healthy, and to remove themselves from a work situation which they have reasonable justification to believe presents an imminent and serious danger to their life or health;
- (j) Contractor's Personnel who remove themselves from such work situations shall not be required to return to work until necessary remedial action to correct the situation has been taken. Contractor's Personnel shall not be retaliated against or otherwise subject to reprisal or negative action for such reporting or removal;
- (k) where the Employer's Personnel, any other contractors employed by the Employer, and/or personnel of any legally constituted public authorities and private utility companies are employed in carrying out, on or near the site, of any work not included in the Contract, collaborate in applying the health and safety requirements, without prejudice to the responsibility of the relevant entities for the health and safety of their own personnel; and
- (l) establish and implement a system for regular (not less than sixmonthly) review of health and safety performance and the working environment.

Subject to GCC Sub-Clause 16.2, the Contractor shall submit to the Project Manager for its approval a health and safety manual which has been specifically prepared for the Works, the Site and other places (if any) where the Contractor intends to execute the Works.

The health and safety manual shall be in addition to any other similar document required under applicable health and safety regulations and laws.

The health and safety manual shall set out all the health and safety requirements under the Contract,

- (a) which shall include at a minimum:
 - (i) the procedures to establish and maintain a safe working environment without risk to health at all workplaces, machinery, equipment and processes under the control of the Contractor, including control measures for chemical, physical and biological substances and agents;
- (ii) details of the training to be provided, records to be kept;
- (iii) the procedures for prevention, preparedness and response activities to be implemented in the case of an emergency event (i.e. an unanticipated incident, arising from both natural and man-made hazards, typically in the

		form of fire, explosions, leaks or spills, which may occur for a variety of different reasons including failure to implement operating procedures that are designed to prevent their occurrence, extreme weather or lack of early warning);
		(iv) remedies for adverse impacts such as occupational injuries, deaths, disability and disease;
		(v) the measures to be taken to avoid or minimize the potential for community exposure to water-borne, water-based, water-related, and vector-borne diseases,
		(vi) the measures to be implemented to avoid or minimize the spread of communicable diseases (including transfer of Sexually Transmitted Diseases or Infections (STDs), such as HIV virus) and non-communicable diseases associated with the execution of the Works, taking into consideration differentiated exposure to and higher sensitivity of vulnerable groups. This includes taking measures to avoid or minimize the transmission of communicable diseases that may be associated with the influx of temporary or permanent Contract-related labor;
		(vii) the policies and procedures on the management and quality of accommodation and welfare facilities if such accommodation and welfare facilities are provided by the Contractor in accordance with GCC Sub-Clause 9.4.6; and
		(b) any other requirements stated in the Specification.
	18.3	Protection of the environment (a) The Contractor shall take all necessary measures to: protect the environment (both on and off the Site); and (b) limit damage and nuisance to people and property resulting from pollution, noise and other results of the Contractor's operations and/ or activities. The Contractor shall ensure that emissions, surface discharges, effluent and any other pollutants from the Contractor's activities shall exceed neither the values indicated in the Specification, nor those prescribed by applicable laws. In the event of damage to the environment, property and/or nuisance to people, on or off Site as a result of the Contractor's operations, the Contractor shall agree with the Project Manager the appropriate actions and time scale to remedy, as practicable, the damaged environment to its former condition. The Contractor shall
		implement such remedies at its cost to the satisfaction of the Project Manager.
19. Archaeological and Geological Findings	19.1	All fossils, coins, articles of value or antiquity, structures, groups of structures, and other remains or items of geological, archaeological, paleontological, historical, architectural or religious interest found on the Site shall be placed under the care and custody of the Employer. The Contractor shall:
		(a) take all reasonable precautions, including fencing-off the area or site of the finding, to avoid further disturbance and prevent Contractor's Personnel or other persons from removing or damaging any of these findings;
		(b) train relevant Contractor's Personnel on appropriate actions to be taken in the event of such findings; and
		(c) implement any other action consistent with the requirements

such finding, notify the Project Manager of such discoveries and carry out the Project Manager is instructions for dealing with them. 20. Possession of the Site 20.1 The Employer shall give possession of all parts of the Site to the Contractor. If possession of a part is not given by the date stated in the PCC, the Employer shall be deemed to have delayed the start of the relevant activities, and this shall be a Compensation Event. The Contractor shall allow the Project Manager and any person authorized by the Project Manager (including the Bank staff or consultants acting on the Bank's behalf, stakeholders and third parties, such as independent experts, local communities, or non-governmental organizations), including to carry out environmental and social audit, as appropriate, access to the Site and to any place where work in connections, including to carry out environmental and social audit, as appropriate, access to the Site and to any place where work in connection with the Contract is being carried out or is intended to be carried out. 22.1 The Contractor shall carry out all instructions of the Project Manager which comply with the applicable laws where the Site is focated. 22.2 The Contractor shall keep, and shall make all reasonable efforts to cause its Subcontractors and subconsultants to keep, accurate and systematic accounts and records in respect of the Works in such form and details as will clearly identify relevant time changes and costs. 22.3 Inspections & Audit by the Bank Pursuant to paragraph 2.2 e. of Appendix A to the GCC F-read and Corruption, the Contractor shall permit and shall cause its agents (where declared or not, subcontractors, subconsultants, service providers, suppliers, and personnel, to permit, the Bank and/or persons appointed by the Bank to inspect the site and/or the accounts, records and other documents audited by auditors appointed by the Bank. The Contractor's and its Subcontractors' and subconsultants' attention is drawn to GCC Sub-Clause 25.1 (Trad and Corruption			
The Contractor shall, as soon as practicable after discovery of any such finding, notify the Project Manager of such discoveries and carry out the Project Manager's instructions for dealing with them. the PCC, together with reimbursable expenses of the types specified in the PCC, and the cost shall be divided equally between the Employer and the Contractor, whatever decision is reached by the Adjudicator. Either party may refer a decision of the Adjudicator to an Arbitrator within 28 days of the Adjudicator's written decision. If neither party refers the dispute to arbitration within the above 28 days, the Adjudicator's decision shall be final and binding

24.4

The arbitration shall be conducted in accordance with the arbitration procedures published by the institution named and in the place specified in the PCC.

The rules of procedure for arbitration proceedings to be specified in PCC will be as follows:

For smaller contracts, the institution is usually from the Employer's Country. For larger contracts, and contracts that are likely to be awarded to international contractors, it is recommended that the arbitration procedure of an international institution.

For larger contracts with international contractors, it is recommended to selectone institution among those listed below;

"United Nations Commission on International Trade Law (UNCITRAL) Arbitration Rules:

Any dispute, controversy, or claim arising out of or relating to this Contract, or breach, termination, or invalidity thereof, shall be settled by arbitration inaccordance with the UNCITRAL Arbitration Rules as at present in force."

or

"Rules of Conciliation and Arbitration of the International Chamber of Commerce (ICC):

All disputes arising out of or in connection with the present Contract shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with said Rules."

or

"Rules of Arbitration Institute of the Stockholm Chamber of Commerce:

Any dispute, controversy, or claim arising out of or in connection with this Contract, or the breach, termination, or invalidity thereof, shall be finally settled by arbitration in accordance with the Arbitration Rules of the Arbitration Institute of the Stockholm Chamber of Commerce."

or

"Rules of the London court of International Arbitration:

Any dispute arising out of or in connection with this

	1	
		Contract, including any question regarding its existence, validity, or termination shall be referred to and finally resolved by arbitration under the LCIA Rules, which Rules are deemed to be incorporated by reference to this clause." The place of arbitration shall be specified in PCC.
25. Fraud and Corruption	25.1	The Bank requires compliance with the Bank's Anti-Corruption
23. Fraud and Corruption	23.1	Guidelines and its prevailing sanctions policies and procedures as set forth in the WBG's Sanctions Framework, as set forth in Appendix A to the GCC.
	25.2	The Employer requires the Contractor to disclose any commissions or fees that may have been paid or are to be paid to agents or any other party with respect to the bidding process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.
26 Stalzahaldar Engagament	26.1	The Contractor shall provide relevant contract-related information,
26. Stakeholder Engagement	20.1	as the Employer and/or Project Manager may reasonably request to conduct Stakeholder engagements. "Stakeholder" refers to individuals or groups who: (i) are affected or likely to be affected by the Contract; and (ii) may have an interest in the Contract. The Contractor may also directly participate in Stakeholder engagements, as the Employer and/or Project Manager may reasonably request
27. Suppliers (other than	27.1	Forced Labor: The Contractor shall take measures to require its
Subcontractors)		suppliers (other than Subcontractors) not to employ or engage forced labor including trafficked persons as described in GCC Sub-Clause 9.4.14. If forced labor/trafficking cases are identified, the Contractor shall take measures to require the suppliers to take appropriate steps to remedy them. Where the supplier does not remedy the situation, the Contractor shall within a reasonable period substitute the supplier with a supplier that is able to manage such risks.
	27.2	Child Labor: The Contractor shall take measures to require its suppliers (other than Subcontractors) not to employ or engage child labor as described in GCC Sub-Clause 9.4.15. If child labor cases are identified, the Contractor shall take measures to require the suppliers to take appropriate steps to remedy them. Where the supplier does not remedy the situation, the Contractor shall within a reasonable period substitute the supplier with a supplier that is able to manage such risks.
	27.3	Serious Safety Issues: The Contractor, including its Subcontractors, shall comply with all applicable safety obligations, including as stated in GCC Sub-Clause 18.2. The Contractor shall also take measures to require its suppliers (other than Subcontractors) to adopt procedures and mitigation measures adequate to address safety issues related to their personnel. If serious safety issues are identified, the Contractor shall take measures to require the suppliers to take appropriate steps to remedy them. Where the supplier does not remedy the situation, the Contractor shall within a reasonable period substitute the supplier with a supplier that is able to manage such risks.
	27.4	Obtaining natural resource materials in relation to supplier: The Contractor shall obtain natural resource materials from suppliers that can demonstrate, through compliance with the applicable verification and/ or certification requirements, that obtaining such materials is not contributing to the risk of significant conversion or significant degradation of natural or critical habitats such as unsustainably harvested wood products, gravel or sand extraction from river beds or beaches. If a supplier cannot continue to demonstrate that obtaining such

	ı	
		materials is not contributing to the risk of significant conversion or significant degradation of natural or critical habitats, the Contractor shall within a reasonable period substitute the supplier with a supplier that is able to demonstrate that they are not significantly adversely impacting the habitats.
28. Code of Conduct	28.1	The Contractor shall have a Code of Conduct for the Contractor's Personnel. The Contractor shall take all necessary measures to ensure that each Contractor's Personnel is made aware of the Code of Conduct including specific behaviors that are prohibited, and understands the consequences of engaging in such prohibited behaviors. These measures include providing instructions and documentation that can be understood by the Contractor's Personnel and seeking to obtain that person's signature acknowledging receipt of such instructions and/or documentation, as appropriate. The Contractor shall also ensure that the Code of Conduct is visibly displayed in multiple locations on the Site and any other place where the Works will be carried out, as well as in areas outside the Site accessible to the local community and project affected people. The posted Code of Conduct shall be provided in languages comprehensible to Contractor's Personnel, Employer's Personnel and the local community. The Contractor's Management Strategy and Implementation Plans shall include appropriate processes for the Contractor to verify compliance with these obligations.
29. Security of the Site	29.1	The Contractor shall be responsible for the security of the Site, and: (a) for keeping unauthorized persons off the Site; (b) authorized persons shall be limited to the Contractor's Personnel, the Employer's Personnel, and to any other
		personnel identified as authorized personnel (including the Employer's other contractors on the Site), by a notice from the Employer or the Project Manager to the Contractor. Subject to GCC Sub-Clause 16.2, the Contractor shall submit for the Project Manager's No-objection a security management plan that sets out the security arrangements for the Site. The Contractor shall (i) conduct appropriate background checks on any personnel retained to provide security; (ii) train the security personnel adequately (or determine that they are properly trained) in the use of force (and where applicable, firearms), and
		appropriate conduct towards Contractor's Personnel, Employer's Personnel and affected communities; and (iii) require the security personnel to act within the applicable Laws and any requirements set out in the Specification. The Contractor shall not permit any use of force by security personnel in providing security except when used for preventive and defensive purposes in proportion to the nature and extent of the threat. In making security arrangements, the Contractor shall also comply with any additional requirements stated in the Specifications.

B. TIME CONTROL

30. Program and Progress	30.1	Within the time stated in the PCC, after the date of the Letter of
	30.1	Acceptance, the Contractor shall submit to the Project Manager for
Reports		approval a Program showing the general methods, arrangements, order,
		and timing for all the activities in the Works. In the case of a lump-sum
		contract, the activities in the Program shall be consistent with those in
		the Activity Schedule. The Project Manager's approval of the Program
		shall not alter the Contractor's obligations. The Contractor may revise
		the Program and submit it to the Project Manager again at any time. A
		revised Program shall show the effect of Variations and Compensation
		Events.
	30.2	An update of the Program shall be a program showing the actual
	30.2	progress achieved on each activity and the effect of the progress
		achieved on the timing of the remaining work, including any changes
		to the sequence of the activities.
	30.3	The Contractor shall monitor progress of the Works and submit to the
	30.3	Project manager progress report and any updated Program showing the
		actual progress achieved and the effect of the progress achieved on the
		timing of the remaining Works, including any changes to the sequence
		of the activities, at intervals no longer than the periods stated in the
		PCC. If the Contractor does not submit an updated Program within this
		period, the Project Manager may withhold the amount stated in the
		PCC from the next payment certificate and continue to withhold this
		amount until the next payment after the date on which the overdue
		Program has been submitted. In the case of lump-sum Contract, the
		Contractor shall provide an updated Activity Schedule within 14 days
		of being instructed to by the Project Manager.
	30.4	Unless otherwise stated in the Specification, each progress report shall
		include the Environmental and Social (ES) metrics set out in Appendix
	20.5	B.
	30.5	In addition to the progress reports, the Contractor shall inform the
		Project Manager immediately of any allegation, incident or accident in the Site, which has or is likely to have a significant adverse effect on
		the environment, the affected communities, the public, Employer's
		Personnel or Contractor's Personnel. This includes, but is not limited
		to, any incident or accident causing fatality or serious injury;
		significant adverse effects or damage to private property; or any
		allegation of SEA and/or SH. In case of SEA and/or SH, while
		maintaining confidentiality as appropriate, the type of allegation
		(sexual exploitation, sexual abuse or sexual harassment), gender and
		age of the person who experienced the alleged incident should be
		included in the information.
		The Contractor, upon becoming aware of the allegation, incident or
		accident, shall also immediately inform the Project Manager of any
		such incident or accident on the Subcontractors' or suppliers' premises
		relating to the Works which has or is likely to have a significant
		adverse effect on the environment, the affected communities, the
		public, Employer's Personnel, or Contractor's, its Subcontractors' and
		suppliers' personnel. The notification shall provide sufficient detail
		regarding such incidents or accidents. The Contractor shall provide full
		details of such incidents or accidents to the Project Manager within the
		timeframe agreed with the Project Manager. The Contractor shall require its Subcontractors and suppliers (other
		The Contractor shall require its Subcontractors and suppliers (other than Subcontractors) to immediately notify the Contractor of any
		incidents or accidents referred to in this Subclause.
31. Extension of the Intended	31.1	The Project Manager shall extend the Intended Completion Date if a
Completion Date		Compensation Event occurs or a Variation is issued which makes it
r		impossible for Completion to be achieved by the Intended Completion
		Date without the Contractor taking steps to accelerate the remaining
		work, which would cause the Contractor to incur additional cost.
	31.2	The Project Manager shall decide whether and by how much to extend
		the Intended Completion Date within 21 days of the Contractor asking
		the Project Manager for a decision upon the effect of a Compensation

		Event or Variation and submitting full supporting information. If the Contractor has failed to give early warning of a delay or has failed to cooperate in dealing with a delay, the delay by this failure shall not be considered in assessing the new Intended Completion Date.
32. Acceleration	32.1	When the Employer wants the Contractor to finish before the Intended Completion Date, the Project Manager shall obtain priced proposals for achieving the necessary acceleration from the Contractor. If the Employer accepts these proposals, the Intended Completion Date shall be adjusted accordingly and confirmed by both the Employer and the Contractor.
	32.2	If the Contractor's priced proposals for an acceleration are accepted by the Employer, they are incorporated in the Contract Price and treated as a Variation.
33. Delays Ordered by the Project Manager	33.1	The Project Manager may instruct the Contractor to delay the start or progress of any activity within the Works.
	33.2	During such suspension, the Contractor shall protect, store and secure such part or the Works against any deterioration, loss or damage.
	33.3	The Project Manager may also notify the cause for the suspension.
34. ManagementMeetings	34.1	Either the Project Manager or the Contractor may require the other to attend a management meeting. The business of a management meeting shall be to review the plans for remaining work and to deal with matters raised in accordance with the early warning procedure.
	34.2	The Project Manager shall record the business of management meetings and provide copies of the record to those attending the meeting and to the Employer. The responsibility of the parties for actions to be taken shall be decided by the Project Manager either at the management meeting or after the management meeting and stated in writing to all who attended the meeting.
35. Early Warning	35.1	The Contractor shall warn the Project Manager at the earliest opportunity of specific likely future events or circumstances that may adversely affect the quality of the work, increase the Contract Price, or delay the execution of the Works. The Project Manager may require the Contractor to provide an estimate of the expected effect of the future event or circumstance on the Contract Price and Completion Date. The estimate shall be provided by the Contractor as soon as reasonably possible.
	35.2	The Contractor shall cooperate with the Project Manager in making and considering proposals for how the effect of such an event or circumstance can be avoided or reduced by anyone involved in the work and in carrying out any resulting instruction of the Project Manager.

C: QUALITY CONTROL

		c. Qenerii commor
36. Identifying Defects	36.1	The Project Manager shall check the Contractor's work and notify the Contractor of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Project Manager may instruct the Contractor to search for a Defect and to uncover and test any work that the Project Manager considers may have a Defect.
37. Tests	37.1	The Project Manager may instruct the Contractor to carry out a test not specified in the Specification to check whetherany work has a Defect and in the event the test shows that itdoes, the Contractor shall pay for the test and any samples thereof. If there is no Defect, the test shall be a Compensation Event.
38. Correction of Defects	38.1	The Project Manager shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at Completion, and is defined in the PCC. The Defects Liability Period shall be extended for as long as Defects remain to be corrected.
	38.2	Every time notice of a Defect is given, the Contractor shall correct the notified Defect within the length of time specified by the Project Manager's notice.
39. Uncorrected Defects	39.1	If the Contractor has not corrected a Defect within the time specified in the Project Manager's notice, the Project Manager shall assess the cost of having the Defect corrected, and the Contractor shall pay this amount.

D. COST CONTROL

		D. COST CONTROL
40. Contract Price	40.1	The Bill of Quantities shall contain priced items for the Works to be performed by the Contractor. The Bill of Quantities is used to calculate the Contract Price. The Contractor will be paid for the quantity of the work accomplished at the rate in the Bill of Quantities for each item. In the lump-sum contracts, The Contractor shall provide updated Activity Schedules within 14 days of being instructed to by the Project Manager. The Activity Schedule shall contain the priced activities for the Works to be performed by the Contractor. The Activity Schedule is used to monitor and control the performance of activities on which basis the Contractor will be paid. If payment for materials on site shall be made separately, the Contractor shall show delivery of Materials to the Site separately on the Activity Schedule.
41. Changes in the Quantities	41.1	If the final quantity of the work done differs from the quantity in the Bill of Quantities for the particular item by more than 25 percent, provided the change exceeds 1 percent of the Initial Contract Price, the Project Manager shall adjust the rate to allow for the change. The Project Manager shall not adjust rates from changes in quantities if thereby the Initial Contract Price is exceeded by more than 15 percent, except with the prior approval of the Employer. In the lump-sum contracts, The Activity Schedule shall be amended by the Contractor to accommodate changes of Program or method of working made at the Contractor's own discretion. Prices in the Activity Schedule shall not be altered when the Contractor makes such changes to the Activity Schedule.
	41.2	If requested by the Project Manager, the Contractor shall provide the Project Manager with a detailed cost breakdown of any rate in the Bill of Quantities.
42. Variations	42.1	All Variations shall be included in updated Programs produced by the Contractor. In the lump-sum contracts, All Variations shall be included in updated Programs and Activity Schedules produced by the Contractor.
	42.2	The Contractor shall provide the Project Manager with a quotation for carrying out the Variation when requested to do so by the Project Manager. The Contractor shall also provide information of any ES risks and impacts of the Variation. The Project Manager shall assess the quotation, which shall be given within seven (7) days of the request or within any longer period stated by the Project Manager and before the Variation is ordered.
	42.3	If the Contractor's quotation is unreasonable, the Project Manager may order the Variation and make a change to the Contract Price, which shall be based on the Project Manager's own forecast of the effects of the Variation on the Contractor's costs.
	42.4	If the Project Manager decides that the urgency of varying the work would prevent a quotation being given and considered without delaying the work, no quotation shall be given and the Variation shall be treated as a Compensation Event.
	42.5	The Contractor shall not be entitled to additional payment for costs that could have been avoided by giving early warning.
	42.6	If the work in the Variation corresponds to an item description in the Bill of Quantities and if, in the opinion of the Project Manager, the quantity of work above the limit stated in GCC Sub-Clause 41.1 or the timing of its execution do not cause the cost per unit of quantity to change, the rate in the Bill of Quantities shall be used to calculate the value of the Variation. If the cost per unit of quantity changes, or if the nature or timing of the work in the Variation does not correspond with items in the Bill of Quantities, the quotation by the

		Contractor shall be in the form of new rates for the relevant items of
		work. In the lump-sum contracts, The Paragraph for GCC 42.6 above is not applicable.
	42.7	Value Engineering: The Contractor may prepare, at its own cost, a value engineering proposal at any time during the performance of the contract. The value engineering proposal shall, at a minimum, include the following;
		(a) the proposed change(s), and a description of the difference to the existing contract requirements;
		(b) a full cost/benefit analysis of the proposed change(s) including a description and estimate of costs (including life cycle cost) the Employer may incur in implementing the value engineering proposal;
		(c) a description of any effect(s) of the change on performance/functionality; and
		(d) a description of the proposed work to be performed, a program for its execution and sufficient ES information to enable an evaluation of ES risks and impacts.The Employer may accept the value engineering proposal if the proposal demonstrates benefits that:
		(a) accelerates the contract completion period; or
		(b) reduces the Contract Price or the life cycle costs to the Employer; or
		(c) improves the quality, efficiency, safety or sustainability of the Facilities; or
		(d) yields any other benefits to the Employer, without compromising the functionality of the Works. If the value engineering proposal is approved by the Employer and results in:
		(a) a reduction of the Contract Price; the amount to be paid to the Contractor shall be the percentage specified in the PCC of the reduction in the Contract Price; or
		(b) an increase in the Contract Price; but results in a reduction in life cycle costs due to any benefit described in (a) to (d) above, the amount to be paid to the Contractor shall be the full increase in the Contract Price.
43. Cash Flow Forecasts	43.1	When the Program, is updated, the Contractor shall provide the Project Manager with an updated cash flow forecast. The cash flow forecast shall include different currencies, as defined in the Contract, converted as necessary using the Contract exchange rates. In the lump-sum contracts, When the Program and Activity Schedule is updated, the Contractor shall provide the Project Manager with an updated cash flow forecast. The cash flow forecast shall include different currencies, as defined in the Contract, converted as necessary using the Contract exchange rates.
44. Payments Certificates	44.1	The Contractor shall submit to the Project Manager monthly statements of the estimated value of the work executed less the cumulative amount certified previously.
	44.2	The Project Manager shall check the Contractor's monthly statement and certify the amount to be paid to the Contractor.
	44.3	The value of work executed shall be determined by the Project Manager.
	44.4	The value of work executed shall comprise the value of the quantities of work in the Bill of Quantities that have been completed. In the lump-sum contracts, "The value of work executed shall comprise the value of completed
		and of more entrance shall comprise the range of completed

	T	activities in the Activity Schedule."
	44.5	The value of work executed shall include the valuation of Variations and Compensation Events.
	44.6	The Project Manager may exclude any item certified in a previous certificate or reduce the proportion of any item previously certified in any certificate in the light of later information.
	44.7	If the Contractor was, or is, failing to perform any ES obligations or work under the Contract, the value of this work or obligation, as determined by the Project Manager, may be withheld until the work or obligation has been performed, and/or the cost of rectification or replacement, as determined by the Project Manager, may be withheld until rectification or replacement has been completed. Failure to perform includes, but is not limited to the following:
		(a) failure to comply with any ES obligations or work described in the Works' Requirements which may include: working outside site boundaries, excessive dust, failure to keep public roads in a safe usable condition, damage to offsite vegetation, pollution of water courses from oils or sedimentation, contamination of land e.g. from oils, human waste, damage to archeology or cultural heritage features, air pollution as a result of unauthorized and/or inefficient combustion;
		(b) failure to regularly review C-ESMP and/or update it in a timely manner to address emerging ES issues, or anticipated risks or impacts;
		(c) failure to implement the C-ESMP e.g. failure to provide required training or sensitization;
		(d) failing to have appropriate consents/permits prior to undertaking Works or related activities;
		(e) failure to submit ES report/s (as described in Appendix B), or failure to submit such reports in a timely manner;
		(f) failure to implement remediation as instructed by the Project Manager within the specified timeframe (e.g. remediation addressing non-compliance/s).
45. Payments	45.1	Payments shall be adjusted for deductions for advance payments and retention. The Employer shall pay the Contractor the amounts certified by the Project Manager within 28 days of the date of each certificate. If the Employer makes a late payment, the Contractor shall be paid interest on the late payment in the next payment. Interest shall be calculated from the date by which the payment should have been made up to the date when the late payment is made at the prevailing rate of interest for commercial borrowing for each of the currencies in which payments are made.
	45.2	If an amount certified is increased in a later certificate or as a result of an award by the Adjudicator or an Arbitrator, the Contractor shall be paid interest upon the delayed payment as set out in this clause. Interest shall be calculated from the date upon which the increased amount would have been certified in the absence of dispute.
	45.3	Unless otherwise stated, all payments and deductions shall be paid or charged in the proportions of currencies comprising the Contract Price.
	45.4	Items of the Works for which no rate or price has been entered in shall not be paid for by the Employer and shall be deemed covered by other rates and prices in the Contract.
46. Compensation	46.1	The following shall be Compensation Events:
Events		(a) The Employer does not give access to a part of the Site by the Site Possession Date pursuant to GCC Sub-Clause 20.1.
		(b) The Employer modifies the Schedule of Other Contractors in a

		way that affects the work of the Contractor under the Contract.
		(c) The Project Manager orders a delay or does not issue Drawings, Specification, or instructions required for execution of the Works on time.
		(d) The Project Manager instructs the Contractor to uncover or to carry out additional tests upon work, which is then found to have no Defects.
		(e) The Project Manager unreasonably does not approve a subcontract to be let.
		(f) Ground conditions are substantially more adverse than could reasonably have been assumed before issuance of the Letter of Acceptance from the information issued to bidders (including the Site Investigation Reports), from information available publicly and from a visual inspection of the Site.
		(g) The Project Manager gives an instruction for dealing with an unforeseen condition, caused by the Employer, or additional work required for safety or other reasons.
		(h) Other contractors, public authorities, utilities, or the Employer does not work within the dates and other constraints stated in the Contract, and they cause delay or extra cost to the Contractor.
		(i) The advance payment is delayed.
		(j) The effects on the Contractor of any of the Employer's Risks.
		(k) The Project Manager unreasonably delays issuing a Certificate of Completion.
	46.2	If a Compensation Event would cause additional cost or would prevent the work being completed before the Intended Completion Date, the Contract Price shall be increased and/or the Intended Completion Date shall be extended. The Project Manager shall decide whether and by how much the Contract Price shall be increased and whether and by how much the Intended Completion Date shall be extended.
	46.3	As soon as information demonstrating the effect of each Compensation Event upon the Contractor's forecast cost has been provided by the Contractor, it shall be assessed by the Project Manager, and the Contract Price shall be adjusted accordingly. If the Contractor's forecast is deemed unreasonable, the Project Manager shall adjust the Contract Price based on the Project Manager's own forecast. The Project Manager shall assume that the Contractor shall react competently and promptly to the event.
	46.4	The Contractor shall not be entitled to compensation to the extent that the Employer's interests are adversely affected by the Contractor's not having given early warning or not having cooperated with the Project Manager.
47. Tax	47.1	The Project Manager shall adjust the Contract Price if taxes, duties, and other levies are changed between the date 28 days before the submission of bids for the Contract and the date of the last Completion certificate. The adjustment shall be the change in the amount of tax payable by the Contractor, provided such changes are not already reflected in the Contract Price or are a result of GCC Clause 49.
48. Currencies	48.1	Where payments are made in currencies other than the currency of the Employer's country specified in the PCC , the exchange rates used for calculating the amounts to be paid shall be the exchange rates stated in the Contractor's Bid.
49. Price Adjustment	49.1	Prices shall be adjusted for fluctuations in the cost of inputs only if provided for in the PCC. If so provided, the amounts certified in each payment certificate, before deducting for Advance Payment, shall be

	49.2	adjusted by applying the respective price adjustment factor to the payment amounts due in each currency. A separate formula of the type specified below applies to each Contract currency: $ P_c = A_c + B_c I_{mc}/I_{oc} $ where: $ P_c \text{ is the adjustment factor for the portion of the Contract Price payable in a specific currency "c." A_c \text{ and } B_c \text{ are coefficients specified in the PCC, representing the nonadjustable and adjustable portions, respectively, of the Contract Price payable in that specific currency "c;" and I_{mc} is the index prevailing at the end of the month being invoiced and Ioc is the index prevailing 28 days before Bid opening for inputs payable; both in the specific currency "c." If the value of the index is changed after it has been used in a calculation, the calculation shall be corrected and an adjustment made in the next payment certificate. The index value shall be$
		deemed to take account of all changes in cost due to fluctuations in costs.
50. Retention	50.1	The Employer shall retain from each payment due to the Contractor the proportion stated in the PCC until Completion of the whole of the Works.
	50.2	Upon the issue of a Certificate of Completion of the Works by the Project Manager, in accordance with GCC Sub-Clause 57.1, half the total amount retained shall be repaid to the Contractor and half when the Defects Liability Period has passed and the Project Manager has certified that all Defects notified by the Project Manager to the Contractor before the end of this period have been corrected. The Contractor may substitute retention money with an "on demand" Bank guarantee.
51. Liquidated Damage	51.1	The Contractor shall pay liquidated damages to the Employer at the rate per day stated in the PCC for each day that the Completion Date is later than the Intended Completion Date. The total amount of liquidated damages shall not exceed the amount defined in the PCC. The Employer may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's liabilities.
	51.2	If the Intended Completion Date is extended after liquidated damages have been paid, the Project Manager shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment certificate. The Contractor shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in GCC Sub-Clause 45.1.
52. Bonus	52.1	The Contractor shall be paid a Bonus calculated at the rate per calendar day stated in the PCC for each day (less any days for which the Contractor is paid for acceleration) that the Completion is earlier than the Intended Completion Date. The Project Manager shall certify that the Works are complete, although they may not be due to be complete.
53. Advance Payment	53.1	The Employer shall make advance payment to the Contractor of the amounts stated in the PCC by the date stated in the PCC, against provision by the Contractor of an Unconditional Bank Guarantee in a form and by a bank acceptable to the Employer in amounts and currencies equal to the advance payment. The Guarantee shall remain effective until the advance payment has been repaid, but the amount of the Guarantee shall be progressively reduced by the amounts repaid by the Contractor. Interest shall not be charged on the advance payment.
	53.2	The Contractor is to use the advance payment only to pay for Equipment, Plant, Materials, and mobilization expenses required specifically for execution of the Contract. The Contractor shall demonstrate that advance payment has been used in this way by

		supplying copies of invoices or other documents to the Project Manager.
	53.3	The advance payment shall be repaid by deducting proportionate amounts from payments otherwise due to the Contractor, following the schedule of completed percentages of the Works on a payment basis. No account shall be taken of the advance payment or its repayment in assessing valuations of work done, Variations, price adjustments, Compensation Events, Bonuses, or Liquidated Damages.
54. Securities	54.1	The Performance Security, and if so specified in the PCC an environmental and social (ES) performance security, shall be provided to the Employer no later than the date specified in the Letter of Acceptance and shall be issued in an amount specified in the PCC, by a bank or surety acceptable to the Employer, and denominated in the types and proportions of the currencies in which the Contract Price is payable. The Performance Security shall be valid until a date 28 days from the date of issue of the Certificate of Completion in the case of a Bank Guarantee, and until one year from the date of issue of the Certificate of Completion in the case of a Performance Bond.
55. Day Works	55.1	If applicable, the Dayworks rates in the Contractor's Bid shall be used only when the Project Manager has given written instructions in advance for additional work to be paid for in that way.
	55.2	All work to be paid for as Dayworks shall be recorded by the Contractor on forms approved by the Project Manager. Each completed form shall be verified and signed by the Project Manager within two days of the work being done.
	55.3	The Contractor shall be paid for Dayworks subject to obtaining signed Dayworks forms.
56. Cost of Repairs	56.1	Loss or damage to the Works or Materials to be incorporated in the Works between the Start Date and the end of the Defects Correction periods shall be remedied by the Contractor at the Contractor's cost if the loss or damage arises from the Contractor's acts or omissions.

E. FINISHING THE CONTRACT

		FINISHING THE CONTRACT
57. Completion	57.1	The Contractor shall request the Project Manager to issue a Certificate of Completion of the Works, and the Project Manager shall do so upon deciding that the whole of the Works is completed.
58. Taking Over	58.1	The Employer shall take over the Site and the Works within seven days of the Project Manager's issuing a Certificate of Completion.
59. Final Account 60. Operating and	59.1 60.1	The Contractor shall supply the Project Manager with a detailed account of the total amount that the Contractor considers payable under the Contract before the end of the Defects Liability Period. The Project Manager shall issue a Defects Liability Certificate and certify any final payment that is due to the Contractor within 56 days of receiving the Contractor's account if it is correct and complete. If it is not, the Project Manager shall issue within 56 days a schedule that states the scope of the corrections or additions that are necessary. If the Final Account is still unsatisfactory after it has been resubmitted, the Project Manager shall decide on the amount payable to the Contractor and issue a payment certificate. If "as built" Drawings and/or operating and maintenance manuals are
Maintenance manuals		required, the Contractor shall supply them by the dates stated in the PCC.
	60.2	If the Contractor does not supply the Drawings and/or manuals by the dates stated in the PCC pursuant to GCC Sub-Clause 60.1, or they do not receive the Project Manager's approval, the Project Manager shall withhold the amount stated in the PCC from payments due to the Contractor.
61. Termination	61.1	The Employer or the Contractor may terminate the Contract if the other party causes a fundamental breach of the Contract.
	61.3	Fundamental breaches of Contract shall include, but shall not be limited to, the following: (a) the Contractor stops work for 28 days when no stoppage of work is shown on the current Program and the stoppage has not been authorized by the Project Manager; (b) the Project Manager instructs the Contractor to delay the progress of the Works, and the instruction is not withdrawn within 28 days; (c) the Employer or the Contractor is made bankrupt or goes into liquidation other than for a reconstruction or amalgamation; (d) a payment certified by the Project Manager is not paid by the Employer to the Contractor within 84 days of the date of the Project Manager's certificate; (e) the Project Manager gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Project Manager; (f) the Contractor does not maintain a Security, which is required; (g) the Contractor has delayed the completion of the Works by the number of days for which the maximum amount of liquidated damages can be paid, as defined in the PCC; or (h) if the Contractor, in the judgment of the Employer has engaged in Fraud and Corruption, as defined in paragraph 2.2 a of the Appendix A to the GCC, in competing for or in executing the Contract, then the Employer may, after giving fourteen (14) days written notice to the Contractor, terminate the Contract and expel him from the Site. Notwithstanding the above, the Employer may terminate the Contract for convenience.
	61.4	If the Contract is terminated, the Contractor shall stop work immediately, make the Site safe and secure, and leave the Site as soon as reasonably possible. When either party to the Contract gives notice of a breach of Contract to the
(a. D.		Project Manager for a cause other than those listed under GCC Sub-Clause 61.2 above, the Project Manager shall decide whether the breach is fundamental or not.
62. Payment upon Termination	62.1	If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Project Manager shall issue a certificate for the value

		of the work done and Materials ordered less advance payments received up to the date of the issue of the certificate and less the percentage to apply to the value of the work not completed, as specified in the PCC. Additional Liquidated Damages shall not apply. If the total amount due to the Employer exceeds any payment due to the Contractor, the difference shall be a debt payable to the Employer.
	62.2	If the Contract is terminated for the Employer's convenience or because of a fundamental breach of Contract by the Employer, the Project Manager shall issue a certificate for the value of the work done, Materials ordered, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works, and less advance payments received up to the date of the certificate
63. Property	63.1	All Materials on the Site, Plant, Equipment, Temporary Works, and Works shall be deemed to be the property of the Employer if the Contract is terminated because of the Contractor's default.
64. Release from Performance	64.1	If the Contract is frustrated by the outbreak of war or by any other event entirely outside the control of either the Employer or the Contractor, the Project Manager shall certify that the Contract has been frustrated. The Contractor shall make the Site safe and stop work as quickly as possible after receiving this certificate and shall be paid for all work carried out before receiving it and for any work carried out afterwards to which a commitment was made.
65. Suspension of Bank Loan or Credit	65.1	In the event that the Bank suspends the Loan or Credit to the Employer, from which part of the payments to the Contractor are being made:
		(a) The Employer is obligated to notify the Contractor of such suspension within 7 days of having received the Bank's suspension notice.
		(b) If the Contractor has not received sums due to it within the 28 days for payment provided for in GCC Sub-Clause 45.1, the Contractor may immediately issue a 14-day termination notice.

APPENDIX A TO GENERAL CONDITIONS

Fraud and Corruption

The Bank's Anti-Corruption Guidelines and this annex apply with respect

to procurement under Bank Investment Project Financing operations.

1. Purposes

1.1

2. Requirements	2.1	The Bank requires that Borrowers (including beneficiaries of Bank financing); bidders (applicants/proposers), consultants, contractors, and suppliers; any sub-contractors, sub-consultants, service providers or suppliers; any agents (whether declared or not); and any of their personnel, observe the highest standard of ethics during the procurement process, selection, and contract execution of Bank-financed contracts, and refrain from Fraud and Corruption. To this end, the Bank: a. Defines, for the purposes of this provision, the terms set forth below as follows:
		 i. "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
		ii. "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
		iii. "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
		iv. "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
		v. "obstructive practice" is:
		(a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
		(b) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under paragraph 2.2 e. below.
		b. Rejects a proposal for award if the Bank determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
		c. In addition to the legal remedies set out in the relevant Legal Agreement, may take other appropriate actions, including declaring misprocurement, if the Bank determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the loan engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the procurement process, selection and/or execution of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner at the time they knew of the practices;
		d. Pursuant to the Bank's Anti- Corruption Guidelines and in accordance

- with the Bank's prevailing sanctions policies and procedures, may sanction a firm or individual, either indefinitely or for a stated period of time, including by publicly declaring such firm or individual ineligible (i) to be awarded or otherwise benefit from a Bank-financed contract, financially or in any other manner;[1] (ii) to be a nominated[2] subcontractor, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project;
- e. Requires that a clause be included in bidding/request for proposals documents and in contracts financed by a Bank loan, requiring (i) bidders(applicants/proposers), consultants, contractors, and suppliers, and their sub-contractors, sub-consultants, service providers, suppliers, agents personnel, permit the Bank to inspect[3] all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the Bank.

[1] For the avoidance of doubt, a sanctioned party's ineligibility to be awarded a contract shall include, without limitation, (i)applying for pre-qualification, expressing interest in a consultancy, and bidding, either directly or as a nominated subcontractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

[2] A nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the particular bidding document) is one which has been: (i) included by the bidder in its pre-qualification application or bid because it brings specific and critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.

[3] Inspections in this context usually are investigative(i.e., forensic) in nature. They involve fact-finding activities undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the verseity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such

undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

APPENDIX B TO GENERAL CONDITIONS

Environmentaland Social (ES) Metrics for Progress Reports

1. Metrics for Regular	1.1	Metrics for regular reporting:
Reporting	1.1	
Reporting		a. environmental incidents or non-compliance with contract requirements, including contamination, pollution or damage to ground or water supplies;
		b. health and safety incidents, accidents, injuries that require treatment, and all fatalities;
		c. interactions with regulators: identify agency, dates, subjects, outcomes (report the negative if none);
		d. status of all permits and agreements:
		i. work permits: number required, number received, actions taken for those not received;
		ii. status of permits and consents:
		§ list areas/facilities with permits required (quarries, asphalt & batch plants), dates of application, dates issued (actions to follow up if not issued), dates submitted to resident engineer (or equivalent), status of area (waiting for permits, working, abandoned without reclamation, decommissioning plan being implemented, etc.);
		§ list areas with landowner agreements required (borrow and spoil areas, camp sites), dates of agreements, dates submitted to resident engineer (or equivalent);
		§ identify major activities undertaken in each area in the reporting period and highlights of environmental and social protection (land clearing, boundary marking, topsoil salvage, traffic management, decommissioning planning, decommissioning implementation);
		§ for quarries: status of relocation and compensation (completed, or details of activities and current status in the reporting period).
		e. health and safety supervision:
		i. safety officer: number days worked, number of full inspections & partial inspections, reports to construction/project management;
		ii. number of workers, work hours, metric of PPE use (percentage of workers with full personal protection equipment (PPE), partial, etc.), worker violations observed (by type of violation, PPE or otherwise), warnings given, repeat warnings given, follow-up actions taken (if any);
		f. worker accommodations:
		i. number of expats housed in accommodations, number of locals;
		ii. date of last inspection, and highlights of inspection including status of accommodations' compliance with national and local law and good practice, including sanitation, space, etc.;
		iii. actions taken to recommend/require improved conditions, or to improve conditions.
		g. Health services: provider of health services, information and/or training, location of clinic, number of non-safety disease or illness treatments and diagnoses (no names to be provided);

h. gender (for expats and locals separately): number of female workers, percentage of workforce, gender issues raised and dealt with (cross-reference grievances or other sections as needed);

i. training:

i. number of new workers, number receiving induction training, dates of induction training;

ii. number and dates of toolbox talks, number of workers receiving Occupational Health and Safety (OHS), environmental and social training;

iii. number and dates of communicable diseases (including STDs) sensitization and/or training, no. workers receiving training (in the reporting period and in the past); same questions for gender sensitization, flag person training.

iv. number and date of SEA and SH prevention sensitization and/or training events, including number of workers receiving training on Code of Conduct for Contractor's Personnel (in the reporting period and in the past), etc.

j. environmental and social supervision:

i. environmentalist: days worked, areas inspected and numbers of inspections of each (road section, work camp, accommodations, quarries, borrow areas, spoil areas, swamps, forest crossings, etc.), highlights of activities/findings (including violations of environmental and/or social best practices, actions taken), reports to environmental and/or social specialist/construction/site management;

ii. sociologist: days worked, number of partial and full site inspections (by area: road section, work camp, accommodations, quarries, borrow areas, spoil areas, clinic, HIV/AIDS center, community centers, etc.), highlights of activities (including violations of environmental and/or social requirements observed, actions taken), reports to environmental and/or social specialist/construction/site management; and

iii. community liaison person(s): days worked (hours community center open), number of people met, highlights of activities (issues raised, etc.), reports to environmental and/or social specialist /construction/site management.

- k. Grievances: list new grievances (e.g. number of allegations of SEA and SH) received in the reporting period and number of unresolved past grievances by date received, complainant's age and sex, how received, to whom referred to for action, resolution and date (if completed), data resolution reported to complainant, any required follow-up (Cross-reference other sections as needed):
 - i. Worker grievances;
 - ii. Community grievances
- l. Traffic, road safety and vehicles/equipment:

i. traffic and road safety incidents and accidents involving project vehicles & equipment: provide date, location, damage, cause, follow-up;

ii. traffic and road safety incidents and accidents involving nonproject vehicles or property (also reported under immediate metrics): provide date, location, damage, cause, follow-up;

iii. overall condition of vehicles/equipment (subjective judgment by environmentalist); non-routine repairs and maintenance needed to improve safety and/or environmental performance (to control smoke, etc.).

m. Environmental mitigations and issues (what has been done):

i. dust: number of working bowsers, number of waterings/day, number of complaints, warnings given by environmentalist, actions taken to resolve; highlights of quarry dust control (covers, sprays, operational status); % of rock/ spoil lorries with covers, actions taken for uncovered vehicles;

ii. erosion control: controls implemented by location, status of water crossings, environmentalist inspections and results, actions taken to resolve issues, emergency repairs needed to control erosion/sedimentation;

iii. quarries, borrow areas, spoil areas, asphalt plants, batch plants: identify major activities undertaken in the reporting period at each, and highlights of environmental and social protection: land clearing, boundary marking, topsoil salvage, traffic management, decommissioning planning, decommissioning implementation;

iv. blasting: number of blasts (and locations), status of implementation of blasting plan (including notices, evacuations, etc.), incidents of off-site damage or complaints (cross-reference other sections as needed);

v. spill clean-ups, if any: material spilled, location, amount, actions taken, material disposal (report all spills that result in water or soil contamination;

vi. waste management: types and quantities generated and managed, including amount taken offsite (and by whom) or reused/recycled/disposed on-site;

vii. details of tree plantings and other mitigations required undertaken in the reporting period;

viii. details of water and swamp protection mitigations required undertaken in the reporting period.

n. compliance:

i. compliance status for conditions of all relevant consents/permits, for the Work, including quarries, etc.): statement of compliance or listing of issues and actions taken (or to be taken) to reach compliance;

ii. compliance status of C-ESMP/ESIP requirements: statement of compliance or listing of issues and actions taken (or to be taken) to reach compliance

iii. compliance status of SEA and SH prevention and response

action plan: statement of compliance or listing of issues and actions taken (or to be taken) to reach compliance
iv. compliance status of Health and Safety Management Plan re: statement of compliance or listing of issues and actions taken (or to be taken) to reach compliance
v. other unresolved issues from previous reporting periods related to environmental and social: continued violations, continued failure of equipment, continued lack of vehicle covers, spills not dealt with, continued compensation or blasting issues, etc. Cross-reference other sections as needed.

APPENDIX C TO GENERAL CONDITIONS

Sexual Exploitation and Abuse (SEA) and/or Sexual Harassment (SH) Performance Declaration for Subcontractors

SEA and/or SH Declaration

We:

- "(a) have not been subject to disqualification by the Bank for non-compliance with SEA/SH obligations.
- "(b) are subject to disqualification by the Bank for non-compliance with SEA/SH obligations.
- "(c) had been subject to disqualification by the Bank for non-compliance with SEA/SH obligations. An arbitral award on the disqualification case has been made in our favor.
- "(d) had been subject to disqualification by the Bank for non-compliance with SEA/ SH obligations for a period of two years. We have subsequently demonstrated that we have adequate capacity and commitment to comply with SEA/SH obligations.
- "(e) had been subject to disqualification by the Bank for non-compliance with SEA/SH obligations for a period of two years. We have attached specific evidence demonstrating that we have adequate capacity and commitment to comply with SEA and SH obligations.

[If (c) above is applicable, attach evidence of an arbitral award reversing the findings on the issues underlying the disqualification.]

[If (d) or (e) above are applicable, provide the following information:]
Period of disqualification: From: To:
If previously provided on another Bank financed works contract, details of evidence that demonstrated adequate capacity and commitment to comply with SEA/SH obligations (as per (d) above)
Name of Employer:
Name of Project:
Contract description:
Brief summary of evidence provided:
Contact Information: (Tel, email, name of contact person):
As an alternative to the evidence under (d), other evidence demonstrating adequate capacity and commitment to comply with SEA/SH obligations (as per (e) above) [attach details as appropriate].
Name of the Subcontractor
Name of the person duly authorized to sign onbehalf of the Subcontractor
Title of the person signing on behalf of the Subcontractor
Signature of the person named above

PERFORMANCE BOND

[The Surety/successful Tenderer providing the Bond shall fill in this form in accordance with the instructions indicated in brackets, if the Employer requires this type of security]

Bythis Bond, [insert name and address of Contractor] as Principal (hereinafter called "the Contractor") and [insert name, legal title, and address of surety, bonding company, or insurance company] as Surety (hereinafter called "the Surety"), are held and firmly bound unto [insert name and address of Employer] as Obligee (hereinafter called "the Employer") in the amount of [insertamount of Bond] [insert amount of Bond in words], for the payment of whichsum well and truly to be made in the types and proportions of currencies inwhich the Contract Price is payable, the Contractor and the Surety bind themselves, their heirs, executors, administrators, successors, and assigns, jointly andseverally, firmly by these presents.

Whereasthe Contractor has entered into a Contract with the Employer dated the [insert number] day of [insert month], [insert year] for [insertname of Contract] in accordance with the documents, plans, specifications, and amendments thereto, which to the extent herein provided for, are byreference made part hereof and are hereinafter referred to as the Contract.

Now,therefore, the Condition of this Obligation is such that, if the Contractorshall promptly and faithfully perform the said Contract (including anyamendments thereto), then this obligation shall be null and void; otherwise, itshall remain in full force and effect. Whenever the Contractor shall be, and declared by the Employer to be, indefault under the Contract, the Employer having performed the Employer'sobligations there under, the Surety may promptly remedy the default, or shallpromptly:

- (1) complete the Contract in accordance with itsterms and conditions; or
- (2) obtain a Tender or Tenders from qualifiedTenderers for submission to the Employer for completing the Contract inaccordance with its terms and conditions, and upon determination by the Employer and the Surety of the lowest responsive Tenderer, arrange for a Contract between such Tenderer and Employer and make available as workprogresses (even though there should be a default or a succession of defaultsunder the Contract or Contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the ContractPrice; but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraphhereof. The term "Balance of the Contract Price," as used in this paragraph, shall mean the total amount payable by the Employer to the Contractor under the Contract, less the amount properlypaid by the Employer to the Contractor; or
- (3) pay the Employer the amount required by the Employer to complete the Contract in accordance with its terms and conditions up to a total not exceeding the amount of this Bond.

TheSurety shall not be liable for a greater sum than the specified penalty of thisBond.

Anysuit under this Bond must be instituted before the expiration of one year from the date of issuance of the Certificate of Completion.

Noright of action shall accrue on this Bond to or for the use of any person or corporation other than the Employer named herein or the heirs, executors, administrators, successors, and assigns of the Employer.

Intestimony whereof, the Contractor has hereunto set its hand and affixed itsseal, and the Surety has caused these presents to be sealed with its corporateseal duly attested by the signature of its legal representative, this [insert day] day of [insert month], [insertyear].

ENVIRONMENTAL AND SOCIAL (ES) PERFORMANCE SECURITY

ES Demand Guarantee

[Guarantor letterhead or SWIFT identifier code]

Beneficiary: [insert name and Address of Employer]
Date: _[Insert date of issue]
ES PERFORMANCE GUARANTEE No.: [Insert guarantee reference number]
Guarantor: [Insert name and address of place of issue, unless indicated in the letterhead]
We have been informed that (hereinafter called "the Applicant") has entered into Contract No dated with the Beneficiary, for the execution of (hereinafter called "the Contract").
Furthermore, we understand that, according to the conditions of the Contract, a performance guarantee is required.
At the request of the Applicant, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums no exceeding in total an amount of(), _such sum being payable in the types and proportions of currencies in whice the Contract Price is payable, upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating that the Applicant is in breach of its Environmental and/or Social, (ES) obligation(s) under the Contract, without the Beneficiary needing to prove or to show grounds for your demand or the sum specified therein.
This guarantee shall expire, no later than the Day of, $2 cdot 2$, and any demand for payment under it must be receive by us at this office indicated above on or before that date.
Yours truly, Signature and seal: Name of Bank/Financial Institution: Address: Date:
1 The Guarantor shall insert an amount representing the percentage of the Accepted Contract Amount specified in the Letter of Acceptance, less provisional sums, if any, and denominated either in the currency (cies) of the Contract or a freely convertible currency acceptable to the Beneficiary. 2 Insert the date twenty-eight days after the expected completion date as described in CCClause 11.9. The Employer should note that in the event of an extension of this date for completion of the Contract, the Employer would need to request an extension of this guarantee from the Guarantor. Such request must be in writing and must be made prior to the expiration date established in the guarantee. In preparing this guarantee, the Employer might consider adding the following text to the form, at the end of the penultimate paragraph: "The Guarantor agrees to a one-time extension of this guarantee fora period not to exceed [six months] [one year], in response to the Beneficiary's written request for such extension, such request to be

presented to the Guarantor before the expiry of the guarantee."

Advance Payment Security

Demand Guarantee

[Guarant or letterhead or SWIFT identifier code] **Beneficiary:** [Insert name and Address of Purchaser]

Date: [Insert date of issue]

ADVANCE PAYMENT GUARANTEE No.:[Insert guarantee reference number] **Guarantor:** [Insert name and address of place of issue, unless indicated in the letterhead]

We have been informed that [insert name of Supplier, which in the case of a joint venture shall be the name of the joint venture] (hereinafter called "the Applicant") has entered into Contract No. [insert reference number of the contract] dated [insert date] with the Beneficiary, for the execution of [insert name of contract and brief description of Goods and related Services] (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum [insert amount in figures] () [insert amount in words] is to be made against an advance payment guarantee.

At the request of the Applicant, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of [insertamount in figures]

- (_) [insert amount in words]1 upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating either that the Applicant:
 - (a) has used the advance payment for purposes other than toward delivery of Goods; or
 - (b) has failed to repay the advance payment in accordance with the Contract conditions, specifying the amount which the Applicant has failed to repay.

A demand under this guarantee may be presented as from the presentation to the Guarantor of a certificate from the Beneficiary's bank stating that the advance payment referred to above has been credited to the Applicant on its account number [insert number] at [insert name and address of Applicant'sbank].

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Applicant as specified in copies of interim statements or paymentcertificates which shall be presented to us. This guarantee shall expire, atthe latest, upon our receipt of a copy of the interim payment certificate indicating that ninety (90) percent of the Accepted Contract Amount, has beencertified for payment, or on the [insertday] day of [insert month], 2 [insert year], whichever is earlier. Consequently, any demand for paymentunder this guarantee mustbe received by us at this office on or before that date.

This guarantee is subject to the Uniform Rules for Demand Guarantees (URDG) 2010 Revision, ICC Publication No.758, except that the supporting statement under Article 15(a) is hereby excluded.

[signature(s)]

Note:All italicized text (including footnotes) is for use in preparing this form and shall be deleted from the final product.

 $\underline{1}$ The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency(ies) of the advance payment as specified in the Contract, or in a freely convertible currency acceptable to the Purchaser.
